The Last Words:

Last Words Karl S. Guthke, 1992-10-30 Whether Goethe actually cried More light on his deathbed or whether Conrad Hilton checked out of this world after uttering Leave the shower curtain on the inside of the tub last words regardless of authenticity have long captured the imagination of Western society. In this playfully serious investigation based on factual accounts, anecdotes, literary works and films, Karl Guthke explores the cultural importance of those words spoken at the border between this world and the next. The exit lines of both famous and ordinary people embody for us a sense of drama and truthfulness and reveal much about our thoughts on living and dying. Why this interest in last words? Presenting statements from such figures as Socrates, Nathan Hale, Marie Antoinette and Oscar Wilde, I am dying as I have lived beyond my means. Guthke examines our fascination in terms of our need for closure, our desire for immortality and our attraction to the mystique of death scenes. The author considers both authentic and invented final statements as he looks at the formation of symbols and legends and their function in our culture. Last words handed down from generation to generation like cultural heirlooms have a good chance of surviving in our collective memory. They are shown to epitomize a life, convey a sense of irony or play to an audience as in the case of the assassinated Mexican revolutionary Pancho Villa who is said to have died imploring journalists Don't let it end like this. Tell them I said something. Originally published in 1992, The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Famous Last Words Alan Bisbort, 2001 Whether Inspiring, Incomprehensible, insightful, bleak or absurd, last words can be spoken by the living as well as the dying. Among the dying, last words are truly final as was the case with Dylan Thomas who uttered I've just had eighteen straight whiskeys. I think that's the record. Famous Last Words records the parting shots of dozens of folks no longer with us, from those dead for political reasons to those who themselves decided to end it all. And it records the words of those who went on with their lives after uttering a memorable farewell but whose reputation was made by their words often to their lasting frustration such as the infamous Richard Milhous Nixon. You won't have me to kick around anymore because gentlemen, this is my last press conference. Famous Last Words also preserves the last words of those inhabiting the world of fiction whether in a book, on the stage, in a movie or on TV. Blanche DuBois says I have always depended on the kindness of strangers. Ranks right alongside Charles Foster Kane's Rosebud and Sidney Carton's It is a far far better thing that I do than I have ever done. The mutterings of the imagined are always floating around in our culture's consciousness, kicking lustily. Author Alan Bisbort consulted unimpeachable sources and original texts in compiling this compendium of 140 choice goodbyes. But not only the farewells capture our attention. Bisbort's concise, witty and informative
