Kurt Richter Alan McGowan, 2018-11-21. German master Kurt Richter (1900-1969) made significant contributions to the chess world as a player and as an editor and author. Unassuming in real life, Richter was a fearsome opponent who expressed himself mainly through his over-the-board results as well as through his chess journalism and literary output. He was responsible for several innovative openings, some of which gained renewed status in later years. This overview of his life and games sheds light on a player who should be better known with much never-before-seen material. Examples of his entertaining writings on chess are included, some featuring his fictitious student opponent Dr Zabel. A wide selection of games illustrates the surprising combinations and brilliant style of play that earned him the title *The Executioner of Berlin*. The Book Buyer's Guide, 1969.
