After further testing and proving his theories, Napoleon Hill refined them into 17 basic principles that anyone could master and use. This recording explains step by step how you can use the following four Principles of Success: Initiative and Leadership, Develop your instincts to anticipate problems and know when to seize opportunities, Imagination, Stimulate your mind to create new concepts out of common ideas and put them to work for you, Enthusiasm, Overcome uncertainty or shyness and inspire others to take interest in you and your ideas, Self-control, Find the firmness of character to truly be master of your fate and the captain of your soul.
