## **The Leavetaking:**

John McGahern and the Art of Memory Dermot McCarthy, 2010 The concepts of Ireland and Irishness are in constant flux in the wake of an ever increasing reappraisal of the notion of cultural and national specificity in a world assailed from all angles by the forces of globalisation and uniformity Reimagining Ireland interrogates Ireland's past and present and suggests possibilities for the future by looking at Ireland's literature culture and history and subjecting them to the most up to date critical appraisals associated with sociology literary theory historiography political science and theology **Touchstones:**

**John McGahern's Classical Style** Frank Shovlin, 2016-11-11 Touchstones examines the ways in which John McGahern became a writer through his reading This reading it is shown was both extensive and intensive and tended towards immersion in the classics As such new insights are provided into McGahern's admiration and use of writers as diverse as Dante Alighieri William Blake James Joyce Albert Camus and several others Evidence for these claims is found both through close reading of McGahern's published texts as well as unprecedented sleuthing in his extensive archive of papers held at the National University of Ireland Galway The ultimate intention of the book is to draw attention to the very literary and writerly nature of McGahern as an artist and to place him not just as a great Irish writer but as part of a long and venerable European tradition **The Leavetaking** Peter Weiss, 1962 *The Leavetaking* Anna GILBERT, Anne [read by] CATER, 2004 **The**

Conservatarians members of the right who are fiscally conservative but socially liberal and a look at conservatism's past and future There is an underserved movement budding among conservatives in which fiscal responsibility constitutional obedience and controlled government spending remain crucial tenets but issues like gay marriage and drug control are approached with a libertarian bent In this book Charles C W Cooke engages with the data and the philosophy behind this movement applauding conservatarianism as a force that can help Republicans mend the many ills that have plagued their party in recent years *Today in the Land of Tomorrow* Jasper T. Moses, 1907 **Engaging Modernity** Michael

Böss, Eamon Maher, 2003 Provides a new and much needed appraisal of Ireland's engagement with the phenomenon of modernity. The path we have traveled from being a rural based religious traditional insular country to a secular highly prosperous economic hi tech centre has brought in its wake both problems and advantages. Engaging Modernity evaluates how in the realms of politics culture and literature Ireland has undergone a major paradigm shift. This book is composed of a selection of papers from a conference held under the auspices of EFACIS European Federation of Centres and Associations of Irish Studies in Aarhus Denmark in 2001 and organized by Michael Böss. It brought together academics and commentators from many European countries and the book bears witness to a diversity of opinions on Ireland's recent evolution.
