## **The Liberating Law Dialog:**

**The Liberating Law** Beacon Hill, 1998-05-11 Discover true freedom in Christ through His unchanging law This study helps us understand using both the Old and New Testaments that the Ten Commandments are not words of condemnation but words of true liberation

**The Liberating Pulpit** Justo L. Gonzalez, Gonzalez, 2003-01-27 Catherine and Justo Gonzalez provide a valuable resource for preaching and biblical interpretation An account of liberation theology's impact on the task of preaching is offered by two historians of doctrine who are intimately aware of the need to be open to marginalized perspectives in the church Early Christian preachers had much to say on issues such as the origins and proper use of wealth the rights and duties of the poor and rich and the nature of ownership The Gonzalezes recapture this early Christian spirit offering concrete ways that the interpretation of specific biblical texts may be enriched or corrected in order to speak directly to the whole life of the whole church Often used as a text in preaching courses The Liberating Pulpit helps to clarify and to bridge the gap between those whose preaching and hermeneutics tend to be more traditional and the various minorities who tend to read Scripture in a different way

The Liberation of Method David Janzen, 2021-10-19 The field of biblical studies has championed the historical critical method as the only way to guarantee objective interpretation But in recent decades women people of color scholars from the Two Thirds World and members of the the LGBTQIA community have pursued hermeneutical approaches that provide interpretations useful for marginalized communities who see the Bible as a resource in their struggles against oppression Such liberative strategies remain at the margins of the field The Liberation of Method argues that this marginality must end and that liberative methods should become the central methods of biblical studies The first part of the book draws upon the hermeneutics of philosophical pragmatism to argue that because readers are responsible for the interpretation there is no necessary connection between the meanings they produce and the ones ancient authors may have intended As a result the historical critical method which prioritizes the study of the ancient contexts of biblical writings becomes an optional rather than a necessary aspect of interpretation The second part of The Liberation of Method argues that if we truly hope to create an ethical academic field more privileged scholars and students must see their minoritized colleagues as the leaders in the field as models of the ethical liberative standards of interpretation

An Interpretation* Kaitlyn Vermeeren, 2016-07-20 Essay from the year 2016 in the subject Theology Biblical Theology grade 90 King's College London language English abstract This essay analyses the stoning of the woman in John 8 1 11 and Jesus coming to her aid When

looking at the book of John in the Gospels we are able to see Jesus as a person prompting decision from the people Brodre a biblical commentator writes on how John sows Jesus as a God man on earth His Gospel is simple and straightforward For the most part Brodre puts to terms understanding this Gospel properly However when focusing on some stories there are more complicated interpretations of Jesus teachings creating assumptions that these pieces were added to the writing later after the original writer s death The scripture of the woman caught in adultery is an example of a writing commonly interpreted to be brought in later but very significant When specifically zooming in on the passage of John 8 1 11 we see of Jesus being presented with a difficult situation The leaders bring before him a woman who was caught in adultery Through studying this section we will look closer at the first part of John 8 and how Jesus attempts at bringing women to a higher if not equal status with men He does this through bringing to light the fact that all people are equal in the eyes of God for all are guilty with sin and are capable of receiving redemption Liberating Sex Adrian Thatcher,1993 **The History of Roman Law from**
