Wu Tingfang (1842-1922) Linda Pomerantz-Zhang, 1992-08-01 Wu Tingfang 1842 1922 was a contemporary of Li Hongzhang Yuan Shikai Hei and Sun Yixian Sun Yat sen all of whom were involved in China s attempt at reform and modernization in the late 19th and early 20th centuries During his time Wu was a prominent political figure participating actively in public service and political activities in Hong Kong Shanghai and Guangzhou This book is a biography of Wu and sheds considerable light on a crucial period in Chinese history

The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson, 2016-11-25 Sun Yatsen 1866 1925 occupies a unique position in modern Chinese history he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan The first president of the Republic of China in 1911 12 the peasant born yet Western trained Dr

Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution. A decade before the public emergence in Japan of his *Three Principles of the People* and weeks before even his first slim publication in 1897, Kidnapped in London, Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet: a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty. Started then abandoned twice over, destined never to be completed, let alone published, we can only conjecture what title this revolutionary book might have had. *The Lost Book of Sun Yatsen* and Edwin Collins is the first study of this lost work in all scholarship. Western or Chinese. It draws its originality and its themes from three primary sources all presented here for the first time. The first is a series of interconnected lost writings co-authored by Sun Yatsen between 1896 and 1898. The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics first published in the British press in the aftermath of the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896. The third source is the *Apostle of the Simple Life for Children* the Anglo-Jewish Rabbi Edwin Collins 1858-1936, a devotee and practitioner of Jean-Jacques Rousseau's *Emile* and the New Education movement, it inspired who became Sun's writing collaborator of choice during his years of political exile from China. Drawing on this wealth of neglected material, Patrick Anderson's book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs.

Health Policy and Disease in Colonial and Post-Colonial Hong Kong, 1841-2003 Ka-che Yip, Yuen Sang Leung, Man Kong Timothy Wong, 2016-07-15. Besides looking at major outbreaks of diseases and how they were coped with, diseases such as malaria, smallpox, tuberculosis, plague, venereal disease, avian flu, and SARS, this book also examines how the successive government regimes in Hong Kong took action to prevent diseases and control potential threats to health. It shows how policies impacted the various Chinese and non-Chinese groups and how policies were often formulated as a result of negotiations between these different groups. By considering developments over a long historical period, the book contrasts the different approaches in the periods of colonial rule, Japanese occupation, post-war reconstruction, transition to decolonization, and Hong Kong as Special Administrative Region within the People's Republic of China.

Beyond Sovereignty K. Grant, P. Levine, F. Trentmann, 2007-01-30. Explores the central role of the British Empire in developing transnational ideas, institutions, and social movements of increasing scope and influence in the eras of high imperialism and the two world wars. Chapters follow transnational dynamics and debates over sovereignty in the domains of sexuality, law, politics, culture, and religion.
