**The Life and Work of Vincent Van Gogh** Art news,1949     *History's Greatest Artists* Charles River Charles River

Editors,Charles River,2017-11-08 Includes pictures of 20 of van Gogh s most famous works including an explanation of his techniques and influences Includes pictures of van Gogh and excerpts of his letters to brother Theo Explains the artistic influences and legacy of van Gogh s life and art Discusses the mysteries and controversies surrounding van Gogh s mental illnesses and death Includes a Bibliography for further reading A weaver who has to direct and to interweave a great many little threads has no time to philosophize about it but rather he is so absorbed in his work that he doesn t think but acts and he feels how things must go more than he can explain it Vincent van Gogh 1883 Vincent van Gogh is undoubtedly one of the most famous artists of all time and though the critical establishment may not consider him the greatest artist who ever lived there may be no artist with whom the public has a greater familiarity Unfortunately a great deal of that familiarity comes from the circumstances leading up to his death and the manner in which they have been linked to his painting career Of all the things that occurred in van Gogh s tumultuous life and career the best known thing about it might be that he cut off the lower left lobe of his ear and much of the general public is familiar with his painting Self Portrait with Bandaged Ear In 1882

Vincent would hauntingly and somewhat prophetically write to his brother Theo What am I in the eyes of most people a nonentity an eccentric or an unpleasant person somebody who has no position in society and will never have in short the lowest of the low All right then even if that were absolutely true then I should one day like to show by my work what such an eccentric such a nobody has in his heart Across much of the world van Gogh s body of work is so commonplace that virtually everyone is familiar with at least some element of his life Reproductions of his paintings populate offices calendars t shirts and the like and his paintings continue to have the potential to affect people On the surface it might appear as though van Gogh is a very familiar figure and yet people have spent nearly 125 years wondering just what compelled him to harm himself just how tortured he was mentally and what kind of effects it had on his art In addition to dying a premature and still controversial death van Gogh was 27 before beginning his 10 year painting career meaning he painted for a comparably short period of his life Nevertheless he produced an extraordinary amount of art and much of the myth of van Gogh surrounds the fact that he painted over 800 paintings and many more drawings and watercolors in such a short time Understandably the sheer volume of work meant that many had an unfinished primal quality that seems to be commensurate with the type of person who would paint 800 paintings in addition to numerous drawing and studies over 10 years building to a feverish crescendo at the end of his life On top of that van Gogh also managed to find time to write nearly 900 letters during that same period Given the way his art and life blend together it s no surprise that van Gogh and his work continue to deeply affect viewers to this day While van Gogh s painting career is the period of greatest interest it was in many ways a response to his upbringing and the events of his youth History s Greatest Artists The Life and Legacy of Vincent Van Gogh examines van Gogh s life before his career a close analysis of his painting style and artistic themes and his controversial death Along with pictures of some of his most famous work excerpts from his letters a bibliography and a Table of Contents you will learn about one of history s greatest painters like you never have before in no time at all

life has been attempted in more than seventy years Naifeh and Smith have re created Van Gogh s life with an astounding vividness and psychological acuity that bring a completely new and sympathetic understanding to this unique artistic genius NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review The Washington Post The Wall Street Journal San Francisco Chronicle NPR The Economist Newsday BookReporter In their magisterial new biography Van Gogh The Life Steven Naifeh and Gregory White Smith provide a guided tour through the personal world and work of that Dutch painter shining a bright light on the evolution of his art What the authors capture so powerfully is Van Gogh s extraordinary will to learn to persevere against the odds Michiko Kakutani The New York Times Brilliant Steven Naifeh and Gregory White Smith are the big game hunters of modern art history Van Gogh rushes along on a tide of research At once a model of scholarship and an emotive pacy chunk of hagiography Martin Herbert The Daily Telegraph London **Van Gogh** Lara Vinca Masini,1967 Van Gogh ,1979 **The Life and Work of Vincent Van Gogh** Carl Nordenfalk,1953-01-01
