## **Poem Containing History** Lawrence S.

Rainey,2025-12-10 No poet of the twentieth century has aroused more controversy than Ezra Pound and no work by him has seemed more important or more problematic than The Cantos A Poem Containing History offers nine new essays that examine Pound s major poem from a historical and contextual perspective in which the work s textual development is brought to center stage The result is a significant reconsideration not just of Pound s achievement but of modernist poetics and its relations with history The contributors all major scholars examine The Cantos from their beginnings in the late 1910s to their inconclusive ending with Pound s death in 1972 Together the essays reconstruct the many contexts in which Pound lived and wrote and how these affected the evolution of his most important work Several essays offer comprehensive surveys

of the text s publication history while most examine the development of particular groups of cantos that were produced in succeeding decades Repeatedly the essays show that Pound s poem was an unstable work in process one that readily accommodated input from a variety of agents other than Pound himself and one that may ultimately have escaped his control altogether This book will appeal to readers interested in modern poetry and twentieth century history   **Dora Marsden and Early Modernism** Bruce Clarke,1996 Arguing that Marsden s contributions have been neglected and misunderstood Dora Marsden and Early Modernism seeks to restore Marsden to her proper status as one of the major influences on modern British and American literature as well as the early literary sensibilities of D H Lawrence Ezra Pound and William Carlos Williams   Dudley Murphy, Hollywood Wild Card Susan Delson,2006 Follows the life of Hollywood s first independent filmmaker known for The Emperor Jones and Ballet m ecanique   **How to Live/what to Do** Adalaide Kirby Morris,2003 Adalaide Morris removes the work of the iconic writer H D from the various compartments into which it has traditionally been placed and examines what she terms the ongoingness of her writing showing her to be a playful linguistic innovator whose writings are relevant to many fields of human activity   **Classical and Modern Literature** ,1997
