The Legend Of Good Women Translated And With An Introduction By Ann Mcmillan

Gustaf E. Karsten

The Legend Of Good Women Translated And With An Introduction By Ann Mcmillan:

Reading Women in Late Medieval Europe Alfred Thomas, 2016-04-29 Although Chaucer is typically labeled as the Father of English Literature evidence shows that his work appealed to Europe and specifically European women Rereading the Canterbury Tales Thomas argues that Chaucer imagined Anne of Bohemia wife of famed Richard II as an ideal reader an aspect that came to greatly affect his writing The Confessions of Edward Isham Edward Isham, 1998 In 1859 the Georgian Edward Isham convicted in North Carolina of murdering a Piedmont farmer dictated his life to his defence attorney This autobiography provides a perspective on the poor whites and is accompanied by a selection of essays Women and Mystical Experience in the Middle Ages Frances Beer, 1992 Original and thought provoking study of three medieval women mystics based on writings and biographical material A wholly feminine voice within Catholicism they express the inexpressible better than any amount of rational thinking about God THE TIMES The three women who are the subject of this fascinating study left a rich legacy of medieval spirituality Frances Beer explores their writings and draws on available historical evidence to bring the experience of all three women closer to a 20th century audience She sees Hildegard's perception of her Creator as informed by the heroic ideal while Mechthild's erotic experience seems to show the influence of the minnesingers Julian's experience of tender intimacy with her Lord demonstrates an egalitarian confidence in the ability of the individual soul to progress towards oneness with the divine Their individual natures are also further revealed through the author's examination of their resolution of a number of theological problems In contrast the works of two medieval men writing for women are also explored FRANCES BEER is Associate Professor of English at York University Toronto *Atlantis*, 1987 *International Congress on Medieval Studies*, 1987 *Violence Against Women in Medieval Texts* Anna Roberts, 2018-10-24 This volume brings together specialists from different areas of medieval literary study to focus on the role of habits of thought in shaping attitudes toward women during the Middle Ages The essays range from Old English literature to the Spanish Inquisition and encompass such genres as romance chronicles hagiography and legal documents Critical Companion to Chaucer Rosalyn Rossignol, 2006 Examines the life and writings of Geoffrey Chaucer including detailed synopses of his works explanations of literary terms character portraits social and historical influences and more The Genealogy of Women Stephen Kolsky, 2003 Composed in the 1360s Boccaccio's *De mulieribus claris* Famous Women was the first attempt at female biography in the history of post classical Western literature However its humanistic credentials coexist uneasily with the remnants of medieval misogyny This book the first full length study of *De mulieribus claris* in English argues that it is essential to take into account the ideological complexities of early humanism confronted with the woman question It seeks to unravel the difficulties of the text looking at its genesis sources relations to other writings including Boccaccio's vernacular works its political dimensions and its structure and methodology to shed light on Boccaccio the humanist rewriting and rethinking his previous attitudes toward women Margaret Atwood Kathryn

VanSpanckeren, Jan Garden Castro, 1988 A prolific writer and versatile social critic Canadian novelist and poet Margaret Atwood has recently published *Bluebeard's Egg* short stories *Interlunar* poetry and *The Handmaid's Tale* a critically acclaimed best selling novel This international collection of essays evaluates the complete body of her work both the acclaimed fiction and the innovative poetry The critics represented here American Australian and Canadian address Atwood's handling of such themes as feminism ecology the gothic novel and the political relationship between Canada and the United States The essays on Atwood's novels introduce the general reader to her development as a writer as she matures from a basically subjective poetic vision seen in *Surfacing* and *The Edible Woman* to an increasingly engaged political stance exemplified by *The Handmaid's Tale* Other essays examine Atwood's poetry from her transformation of the Homeric model to her criticisms of the United States relationship with Canada The last two critical essays offer a unique view of Atwood through an investigation of her use of the concept of shamanism and through a presentation of eight of her vivid watercolors The volume ends with Atwood presenting her own views in an interview with Jan Garden Castro and in a conversation between Atwood and students at the University of Tampa Florida **Seneca in Performance** George W.M.

Harrison, 2000-12-31 The plays of Seneca the Younger minister and philosopher under Nero are today increasingly studied appreciated and performed Here in twelve new papers from a distinguished international cast scholars explore established questions such as whether the plays were written for the stage and newer topics such as the playwright's subtleties of characterisation his relation to contemporary Roman spectacle and art and the problems arising in translating him to modern text or stage *Through A Classical Eye* Andrew Galloway, R.F. Yeager, 2009-04-15 As students and scholars of Boccaccio

Chaucer and Dante know late medieval writers were influenced greatly by the work of peers that crossed historical national cultural linguistic boundaries *Through a Classical Eye* contains first rate essays that demonstrate a range of strategies for undertaking transcultural and transhistorical studies of the late medieval period and examines medieval literature and culture where English Italian and Latin materials overlap Written in honour of the groundbreaking contributions that Winthrop Wetherbee made to this growing area of study the volume's contributors advance his legacy and add to the burgeoning interest in setting medieval literary studies into wide intellectual and historical horizons Divided into three illuminating sections on Medieval Latin authorship Italy and the world and England and beyond and including a personal reminiscence of Wetherbee by the noted novelist Robert Morgan *Through a Classical Eye* is an outstanding collection that provides key insights into medieval literature and culture **Approaches to Teaching Chaucer's Troilus and Criseyde and the Shorter Poems** Tison Pugh, Angela Jane Weisl, 2007

This *Approaches to Teaching* volume aims to provide students with a vision of Chaucer that highlights the great variety breadth and depth of his entire body of work Although Chaucerians recognize that *Troilus and Criseyde* and the shorter poems are as entertaining and complex as the more familiar *Canterbury Tales* teachers of medieval English do not readily include these texts in their courses The materials collected here offer

instructors ideas and strategies for making Chaucer s lesser taught works as memorable and engrossing for students as any of the narrative gems in Canterbury Tales Part 1 Materials discusses available teaching resources focusing not only on the many editions of Chaucer s works in Middle English but also on translations for teachers whose students turn to modern English as a study aid The essays in part 2 Approaches begin by exploring the poetry s backgrounds including sources and genre the growth of the English vernacular as a literary language Chaucer s conception of history in its Christian classical and English political senses the role of manuscript study in illuminating the historical record and Chaucer s representation of gender The section on teaching the poems features essays that offer suggestions for overcoming students difficulties with Middle English consider the relation between Chaucer and his readers assess various theoretical models and show how a wide range of visual imagery can be used in the classroom A final section on course contexts includes essays on teaching these poems for the first time as well as designing classes for nonmajors and graduate students The volume concludes with an appendix on reading Chaucer aloud with students

Bulletin de la Société Néophilologique Werner Soderhjelm,Hugo Suolahti,Axel Wallensköld,Arthur Långfors,1987 Includes music **Literature Criticism from 1400 to 1800** ,2007 JEGP, Journal of English and Germanic Philology Gustaf E. Karsten,1997 *Studies in the Age of Chaucer* ,1989 **Envoi** ,1988 **Feminist Studies** ,1987 *Annotated Chaucer Bibliography, 1986-1996* Bege K. Bowers,Mark Edward Allen,2002 A compilation of the bibliographical information accumulated over eleven years 1986 1996 in the Annual Journal of the New Chaucer Society *Studies in the Age of Chaucer* Preface *Publishers Directory* ,1993
