Dabney,2015-07-06 Excerpt from Life and Campaigns Of Lieut Gen Thomas J Jackson Stonewall Jackson The cause for which General Jackson fought and died has been overthrown But it is believed that this fact has not diminished the affectionate reverence for his memory and interest in his exploits felt by those who labored with him in that cause On the contrary they regard the events which have occurred since his lamented death as farther evidences of his genius and prowess Although he who undertakes to write the history of an acknowledged failure usually has a hopeless and discouraging topic yet the lustre of Jackson's exploits and character is too bright to be dimmed even by disaster and his is universally admitted by his friends and foes to be a name so spotless that it shines independent of the cause with which he was connected My chief motive for supplying this customary exordium to my book is the wish to answer the natural question in the reader's mind what right I suppose myself to have to claim qualification for the task I have assumed My answer is that it has been entrusted to me by the widow and family of General Jackson supported by the urgency of his successor in command Lieutenant General Ewell of his venerable pastor and of many other friends in and out of the army One advantage for my work I may claim which brings far more of responsibility than of credit to me in the possession of the fullest collection of materials The correspondence of General Jackson with his family his pastor and his most prominent friends in public life has been in my hands together with copies of all the important official papers on file in the War Department of the late Confederate Government About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **[The Life and Campaigns of Lieutenant-General Thomas J. \(Stonewall\) Jackson](#)** R. L. Dabney, [On War and Leadership](#) Michael Owen Connelly,2009-01-10 What can we learn about leadership and the experience of war from the best combat leaders the world has ever known This book takes us behind the scenes and to the front lines of the major wars of the past 250 years through the words of twenty combat commanders What they have to say which is remarkably similar across

generational national and ideological divides is a fascinating take on military history by those who lived it. It is also worthwhile reading for anyone from any walk of life who makes executive decisions. The leaders showcased here range from Frederick the Great to Norman Schwarzkopf. They include such diverse figures as Napoleon Bonaparte commanders on both sides of the Civil War William Tecumseh Sherman and Stonewall Jackson German and American World War II generals Rommel and Patton a veteran of the Arab Israeli wars Moshe Dayan and leaders from both sides of the Vietnam War Vo Nguyen Giap and Harold Moore. What they have had in common is an unrivaled understanding of the art of command and a willingness to lead from the front. All earned the respect and loyalty of those they led and moved them to risk death. The practices of these commanders apply to any leadership situation whether military business political athletic or other. Their words reveal techniques for anticipating the competition leading through example taking care of the troops staying informed turning bad luck to advantage improvising and making bold decisions. Leader after leader emphasizes the importance of up front muddy boots leadership and reveals what it takes to persevere and win. Identifying a pattern of proven leadership this book will benefit anyone who aspires to lead a country a squadron a company or a basketball team. It is a unique distillation of two and a half centuries of military wisdom. *Catalogue of the Library of the Peabody Institute of the City of Baltimore ...*

Lewis Dabney was an American Christian theologian and a Southern Presbyterian pastor but he is best known for being chief of staff for General Thomas Jonathan Stonewall Jackson during his famous Valley Campaign and the Seven Days Battles. Jackson was one of the most famous generals of the Civil War and one of the most successful for the Confederates. Jackson got his famous nickname during the First Battle of Bull Run when another Confederate general told his men to rally behind Jackson's brigade. After being the hero at Bull Run, Jackson led an army in the Valley Campaign of 1862 fighting three Union armies and keeping them from linking together. Jackson also participated at Second Bull Run, Antietam, and Fredericksburg, but his most famous battle was Chancellorsville when he marched his men on a famous flank march and attack at Chancellorsville on May 2, 1863. The march would end up winning the battle for the Confederates but Jackson was mortally wounded that night. Dabney's biography of Jackson is invaluable to all Civil War students not only for the history but as a piece of Lost Cause literature. **Life of Lieut.-Gen. Thomas J.
