goodness Pens endowed with the flame of inspiration have done him justice The Gospels are in the home of every one in which the physical life of Jesus is graphically given and it would be presumptuous in me to attempt to improve on the least of them The Gospels contain a plain simple narration of facts that can neither be bettered in the manner of expression sublime simplicity of style or order of presentation Each important occurrence in the life of the Master has been given to the world time and time again and every phase of his life brought out and explained so that the erudite may be edified the student instructed the sorrowing consoled the devotee strengthened and the stupid enlightened So it would seem an act of superciliousness in anyone to attempt to do more About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Life and Teachings of Jesus**

Chronicle of the Life and Teachings of Jesus of Nazareth Larry Mullins, Joan Mullins, 2013-07-27 The Chronicle of the Life and Teachings of Jesus of Nazareth harmonizes with the Gospels as presented in the Bible These biblical records have been sufficient to change the course of history on our planet for almost two thousand years However there are many gaps in the Gospel narratives As a result speculations of various kinds about what may have taken place during the so called lost years of Jesus have been published in numerous books and articles The authors of this Chronicle examined the plausibility of many of these supplementary sources Only one in our judgment contains wholesome and credible substance about these lost years that is in congruence with the known Gospels That source is The Urantia Book Nearly 800 of the 2097 pages in The Urantia

Book are devoted to the life and teachings of Jesus as derived from diverse sources The authors of The Urantia Book state that they served more as collectors and editors rather than as original narrators of this restatement of Jesus life on earth We have no way of verifying the accuracy of this material and some may object to any attempt to embellish the available historic record in the Gospels Even so the Apostle John cautions us that the Gospel record is far from complete Jesus did many other things as well If every one of them were written down I suppose that the whole world would not have room for the books that would be written John 21 25 Surely then if there is any chance that more of the precious words of Jesus have been recorded should we not at least investigate this possibility with an open mind However whether the reader considers our treatment of the lost years as entertaining fiction or as credible history we trust you will find these episodes in the Chronicle engaging and instructive We have only scratched the surface of the story of the life and teachings of Jesus of Nazareth as portrayed in The Urantia Book Although as we have stated the Chronicle is consistent with the essential historic narration of the New Testament The Urantia Book goes further And its message is urgent stating that Of all human knowledge that which is of greatest value is to know the religious life of Jesus and how he lived it If our modest presentation resonates with the reader we urge you to investigate the source material we used The Urantia Book There you will find an abundance of information that we believe is of revelatory magnitude Our hope is that a new generation of believers will be inspired to follow the Master's example of love and service Larry MullinsJoan Batson Mullins We feel we have also served more as collectors and editors rather than as original creators of the text of this Chronicle especially regarding the words of Jesus as presented in The Urantia Book It is our opinion that the original presentation by the authors of these words of Jesus in the English language should be respected Therefore we have edited only for the understanding or comfort of modern readers
