Henson,1979 Brief History of the Uniform Commercial Code The Security Agreement Perfection priorities Proceeds Rights of Lien Creditors Including the Trustee in Bankruptcy Fixtures Multistate Transactions Default A Simple Security Agreement Form and Content **Secured Transactions Under the Uniform Commercial Code** ,1986 **Towards Reforming the Legal Framework for Secured Transactions in Nigeria** Chima Williams Iheme,2016-08-16 This book offers a valuable guide to one of the most challenging areas of commercial law now frequently referred to as secured transactions with a focus on Nigerian Canadian and United States perspectives A debtor s ability to provide collateral influences not only the cost of the money borrowed but also in many cases whether secured lenders are willing to offer credit at all The book proposes that increasing access to and indeed lowering the cost of credit could tremendously boost economic development while at the same time arguing that this would best be achieved if the legal framework for secured transactions in Nigeria and of course any other country with similar experiences were designed to allow the use of personal property and fixtures to secure credit Similarly the creation priority perfection and enforcement of security interests in personal property should be simplified and supported by a framework that ensures that neither the interests of secured lenders nor debtors are hampered so as to guarantee the continuous availability of affordable credit as well as debtors willingness to borrow and do business The book further argues that in addition to the obvious preference for real property over personal property by secured lenders due to the unreformed secured transactions legal framework in Nigeria its compartmentalized nature has also resulted in unpredictability in commerce and the concomitant effects of poor access to credit Through the comparative research conducted in this book utilizing the UCC Article 9 and Ontario PPSA as benchmarks the author provides reformers with a repository of tested secured transactions law solutions which law reformers in the Commonwealth countries in Africa and beyond as well as the business community will find valuable in dealing with issues that stem from secured transactions

**Secured Transactions Under the Uniform Commercial Code and International Commerce** Louis F. Del Duca,2002 *Law and Practice of Secured Transactions: Working With Article 9* Richard F. Duncan,William H. Lyons,Catherine Lee Wilson,2011 Personal property law in Nigeria Mike A.A. Ozekhome,2019 This book addresses core issues of personal property law in Nigeria from a comparative perspective It offers a detailed account of the laws governing personal property and the different lightweight reforms undertaken mainly through case law before the enactment of the Secured Transactions in Movable Assets Act in 2017 The book draws insights from the United States UCC article 9 being

unarguably the first law that introduced the concept of modern secured transactions law and was influential to many common and civilian law systems in reforming their personal property laws Given that personal property law is fairly new in Nigeria and also in Africa in general the main aim of the book is to provide judges and academic researchers with a rich collection of tested solutions from jurisdictions that have experimented with modern secured transactions law for several decades The primary and secondary works that were referenced in the book have tracked the different epochal shifts in legal thinking and their significances This may assist scholars and judges in Nigeria to come up with bespoke interpretations of the Act and solutions to underlying problems on credit and security that will satisfy the local conditions as opposed to copying the unaltered solutions from the United States and other advanced systems      Securitization of Financial Assets Kravitt,2012-12-18      **De zakelijke borgtocht naar Belgisch recht** Raf Van Ransbeeck,2005      Report on Uniform Commercial Code Virginia Code Commission,1956      *The Law and Practice of Secured Transactions* Richard F.
