The Interpretation of The Meaning of The Holy Quran Volume 71 - Surah Al-Hadid Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin E-Learning Sergio Kofuji,Elvis Pontes,Adilson Guelfi,2012-03-14 Adaptive E learning was proposed to be suitable for students with unique profiles particular interests and from different domains of knowledge so profiles may consider specific goals of the students as well as different preferences knowledge level learning style rendering psychological profile and more Another approach to be taken into account today is the self directed learning Unlike the adaptive E learning the Self directed learning is related to independence or autonomy in learning it is a logical link for readiness for E learning where students pace their classes according to their own needs This book provides information on the On Job Training and Interactive Teaching for E learning and is divided into four sections The first section covers motivations to be considered for E learning while the second section presents challenges concerning E learning in areas like Engineering Medical education and Biological Studies New approaches to E learning are introduced in the third section and the last section describes the implementation of E learning Environments
