Excerpt In the course of the preparation of these volumes there was gradually accumulated so great a number of the letters written by Lafcadio Hearn during twenty five years of his life and these letters proved of so interesting a nature that eventually the plan of the whole work was altered The original intention was that they should serve only to illuminate the general text of the biography but as their number and value became more apparent it was evident that to reproduce them in full would make the book both more readable and more illustrative of the character of the man than anything that could possibly be related of him No biographer could have so vividly pictured the modesty and tender heartedness the humour and genius of the man as he has unconsciously revealed these qualities in unstudied communications to his friends Happily in these days when the preservation of letters is a rare thing almost every one to whom he wrote appeared instinctively to treasure even when he was still unknown every one of his communications though here and there regrettable gaps occur owing to the accidents of changes of residence three of which as every one knows are more destructive of such treasures than a fire To all of his correspondents who have so generously contributed their treasured letters I wish to express my sincere thanks Especially is gratitude due to Professor Masanubo Otani of the Shinshu University of T ky for the painstaking accuracy and fulness of the information he contributed as to the whole course of Hearn s life in Japan **Life and Letters of Lafcadio Hearn Including the Japanese Letters** Lafcadio Hearn,1922
