Smith,2019-10-04      **The Life of Henry Drummond (Classic Reprint)** George Adam Smith,2015-07-17 Excerpt from The Life of Henry Drummond By a fine gentleman I mean a man completely qualified as well for the service and goody as for the ornament and delight of society When I consider the frame of mind peculiar to a gentleman I suppose it graced with all the dignity and elevation of spirit that human nature is capable of To this I would have joined a clear understandings a reason free from prejudice a steady judgment and an extensive knowledge When I think of the heart of a gentleman I imagine it firm and intrepid void of all inordinate passions and full of tenderness compassion and benevolence When I view the fine gentleman with regard to his manners me thinks I see him modest without bashfulness frank and affable without impertinence obliging and complaisant without servility cheerful and in good humour without noise These amiable qualities are not easily obtained neither are there many men that have a genius to excel this way A finished gentleman is perhaps the most uncommon of all the great characters in life Besides the natural endowments with which this distinguished man is to be born he must run through a long series of education Before he makes his appearance and shines in the world he must be principled in religion instructed in all the moral virtues and led through the whole course of the polite arts and sciences He should be no stranger to courts and to camps he must travel to open his mind to enlarge his views to learn the policies and interests of foreign states as well as to fashion and polish himself and to get clear of national prejudices of which every country has its share To all these more essential improvements he must not forget to add the fashionable ornaments of life such as are the languages and the bodily exercises most in vogue neither would I have him think even dress itself beneath his notice About the Publisher Forgotten Books
