Reprint of the original first published in 1859    What We Believe Cornelis P. Venema,1996-08-01    **An Exposition of the Apostles' Creed** Casper Olevianus,2010-01-01 Olevianus's Exposition of the Apostles' Creed is a collection of sermons he preached on the basic articles of the Christian faith. It serves as a reminder that the Reformed tradition did not see itself as separate from the universal church though it was principally opposed to Rome. Rather Olevianus and his tradition argue for a Reformed catholicity rooted in the ancient confession of the church. This new translation by Lyle D Bierma along with R Scott Clark's historical introduction will benefit both scholarly and general readers. Charged with federal language An Exposition explains the Christian faith as the believer's fellowship with God in the covenant of grace. Thus it is significant for its contribution to the development of Reformed covenantal theology. In addition to exhibiting its historical value within the Reformed tradition readers will be directed as Olevianus had intended toward edification in true and sound piety.    *An Exposition of the Creed* John Pearson (Bp. of Chester),1741    An Explanation of the Apostles' Creed Hermann Rolfus,1907
