*The Hermetic and Alchemical Writings of Aureolus Philippus Theophrastus Bombast, of Hohenheim, Called Paracelsus the Great* Paracelsus, 1894     Hermetic chemistry Paracelsus, 1894     **The Signature of All Things** Giorgio Agamben, 2025-02-11 Internationally renowned philosopher Giorgio Agamben's bold redefinition of methodological inquiry into the human sciences *The Signature of All Things* is Giorgio Agamben's sustained reflection on method To reflect on method implies for Agamben an archeological vigilance a persistent form of thinking whose path is to expose examine and elaborate that which remains obscure unthematized even unsaid in an author's thought To be archeologically vigilant then is to return to even invent a method attuned to a world supported by a thick plot of resemblances and sympathies analogies and correspondences The range of authors and of topics Agamben collects in this slim but dense volume exemplifies this search to create a science of signatures that exceeds either a semiology or hermeneutics vainly attempting to determine the pure and unmarked signs that signify univocally neutrally and eternally Three conceptual figures organize this treatise and the advent of Agamben's own new method the paradigm the signature and archeology Each chapter is devoted to an investigation of one of these concepts whose genealogy Agamben carefully constructs transhistorically and from an interdisciplinary perspective And at each moment of the text Agamben pays tribute to Michel Foucault whose methods he rethinks and effectively uses to reformulate the logic of the concepts he isolates *The Signature of All Things* reveals once again how and why Agamben is one of the most innovative thinkers writing today     **A Secret Book** Timothy Horan, 2023-08-18 This book explores the supernatural and prophetic elements within Shakespeare's ten plays of English history King John Richard II Henry IV Parts One and Two Henry V Henry VI Parts One Two and Three Richard III and Henry VIII Treating each as a form of nonfiction it analyzes these plays and their prophecies through the lens of free will or fate demonstrating how Shakespeare's characters are entangled with cosmic forces and the occult The author makes several intriguing discoveries regarding Shakespeare's plays beliefs and the world he lived in     **The Commentaries of Proclus on the Timaeus of Plato, in Five Books** Proclus, 1820     **The Preparation for the Gospel** Eusebius, 2005-04-30 The Evangelical Preparation in fifteen books is allowed on all hands to be a work of vast erudition Like the Ecclesiastical History it is eminently valuable on account of its containing large and important fragments of the works of ancient authors which have long since perished as also extracts from those which still remain and which are lasting proofs of their being genuine It is astonishing to see the prodigious number of heathen philosophers historians and theologians whose opinions he has crowded together and with what address he sets every man's sword against his fellow till they mutually destroy each other The grand object of the work is to prove that the heathens had nothing excellent but what they borrowed from the Jewish writings and that the Christians had acted the most rational from *Critica Biblica Or Depository of Sacred Literature* Comprising Remarks on The Sacred Scriptures     *The Book of Eusebius #4* Apostle Arne Horn, 2017-04-29 Preparations for

the Gospels The prominent position occupied by Eusebius of Caesarea in the Arian controversy and the Council of Nicaea has given rise to so many important treatises on his life and character that it would be quite superfluous to prefix a formal biography to the present edition of one among his many literary works It will be sufficient to mention a few of the best sources of information accessible to the English reader
