ALFRED BESTER

'Science fiction has produced only a few works
of actual genius, and this is one of them'

JOE HALDEMAN

Stars My Destination The

Alfred Bester

Stars My Destination The:

The Stars My Destination Alfred Bester, 2011-06-06 5 in the Millennium SF Masterworks series a library of the finest science fiction ever written Science fiction has only produced a few works of actual genius and this is one of them Joe Haldeman 5 in the Millennium SF Masterworks series a library of the finest science fiction ever written Science fiction has only produced a few works of actual genius and this is one of them Joe Haldeman Bester at the peak of his powers is quite simply unbeatable James Lovegrove Marooned in outer space after an attack on his ship Nomad Gulliver Foyle lives to obsessively pursue the crew of a rescue vessel that had intended to leave him to die When it comes to pop culture Alfred Bester 1913 1987 is something of an unsung hero He wrote radio scripts screenplays and comic books in which capacity he created the original Green Lantern Oath But Bester is best known for his science fiction novels and *The Stars My Destination* may be his finest creation With its sly potshotting at corporate skullduggery *The Stars My Destination* seems utterly contemporary and has maintained its status as an underground classic for fifty years Bester fans should also note that iBooks has reprinted *ReDemolished* which won the very first Hugo Award in 1953 *The Stars My Destination* Alfred Bester, 1996 In this pulse quickening novel Alfred Bester imagines a future in which people jaunt a thousand miles with a single thought where the rich barricade themselves in labyrinths and protect themselves with radioactive hit men and where an inarticulate outcast is the most valuable and dangerous man alive ***The Complete Alfred Bester's Stars My Destination*** Alfred Bester, 2012-10 Special hardcover limited edition of the graphic novel adaptation of Alfred Bester's *The Stars My Destination* This production is one of the first sophisticated full color American graphic novels first published in 1979 5 in the Millennium SF Masterworks series a library of the finest science fiction ever written Science fiction has only produced a few works of actual genius and this is one of them Joe Haldeman Bester at the peak of his powers is quite simply unbeatable James Lovegrove Marooned in outer space after an attack on his ship Nomad Gulliver Foyle lives to obsessively pursue the crew of a rescue vessel that had intended to leave him to die When it comes to pop culture Alfred Bester 1913 1987 is something of an unsung hero He wrote radio scripts screenplays and comic books in which capacity he created the original Green Lantern Oath But Bester is best known for his science fiction novels and *The Stars My Destination* may be his finest creation With its sly potshotting at corporate skullduggery *The Stars My Destination* seems utterly contemporary and has maintained its status as an underground classic for fifty years Bester fans should also note that iPicturebooks has reprinted *The Demolished Man* which won the very first Hugo Award in 1953 Alfred Bester was among the first important authors of contemporary science fiction His passionate novels of worldly adventure high intellect and tremendous verve *The Stars My Destination* and the Hugo Award winning *The Demolished Man* established Bester as a s f grandmaster a reputation that was ratified by the Science Fiction Writers of America shortly before his death Bester also was an acclaimed journalist for *Holiday* magazine a reviewer for the *Magazine of Fantasy and Science Fiction* and even a writer for *Superman* *Alfred Bester* Carolyn

Wendell,1982-01-01 A chronology study annotated bibliography of Bester's works both within and outside of the science fiction genre **Alfred Bester's the Stars My Destination** Alfred Bester,1979 Marooned in space after an attack on his ship Nomad Gulliver Foyle lives to obsessively pursue the crew of a rescue vessel that intended to leave him to die **The Best American Science Fiction and Fantasy 2015** Joe Hill,John Joseph Adams,2020-06-11 Imaginative fiction from Neil Gaiman Karen Russell Daniel H Wilson and more selected by New York Times bestselling author Joe Hill Science fiction and fantasy enjoy a long literary tradition stretching from Mary Shelley H G Wells and Jules Verne to Ray Bradbury Ursula K Le Guin and William Gibson In The Best American Science Fiction and Fantasy 2015 award winning editor John Joseph Adams and Joe Hill deliver a diverse and vibrant collection of stories published in the previous year Featuring writers with deep science fiction and fantasy backgrounds along with those who are infusing traditional fiction with speculative elements these stories uphold a longstanding tradition in both genres looking at the world and asking What if The Best American Science Fiction and Fantasy 2015 includes Kelly Link Neil Gaiman Karen Russell T C Boyle Sofia Samatar Jo Walton Cat Rambo Daniel H Wilson Seanan McGuire Jess Row and more The overall quality of the work is very high Publishers Weekly

Psience Fiction Damien Broderick,2018-05-12 Science fiction has often been considered the literature of futuristic technology fantastic warfare among the stars or ruinous apocalypses on Earth The last century however saw through John W Campbell the introduction of psience fiction which explores such themes of mental powers as telepathy precognition of the future teleportation etc and symbolic machines that react to such forces The author surveys this long ignored literary shift through a series of influential novels and short stories published between the 1930s and the present This discussion is framed by the sudden surge of interest in parapsychology and its absorption not only into the SF genre but also into the real world through military experiments such as the Star Gate Program **Comics through Time** M. Keith Booker,2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960 1980 Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing

characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers *Musings and Meditations* Robert Silverberg, 2014-05-29 Presenting acclaimed essays from one of contemporary science fiction's most imaginative wordsmiths this collection shows that Robert Silverberg's nonfiction is as witty and original as his fiction and full of acute observations and matter of fact insights Whether he is discussing science fiction history cultural effects science or writing Silverberg is always exploring new territories As in his fiction no cultural icon escapes his scrutiny including fellow writers such as Robert Heinlein Arthur C Clarke H P Lovecraft and Isaac Asimov Delightfully wicked commentaries on the concepts of thoughtcrimes space exploration the ancient Antikythera Computer and the universal translator in science fiction fill these essays many of which were originally published as columns in Asimov Science Fiction magazine **An Informal History of the Hugos** Jo

Walton, 2018-08-07 A collection of essays about science fiction's most revered award revealing the story of the genre's evolution from the award winning author The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Engaged passionate and consistently entertaining *An Informal History of the Hugos* presents Walton's cheerfully opinionated and vastly well informed posts which provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field New York Times bestselling author Cory Doctorow

Gaither's Dictionary of Scientific Quotations Carl C. Gaither, Alma E. Cavazos-Gaither, 2008-01-08 Scientists and other keen observers of the natural world sometimes make or write a statement pertaining to scientific activity that is destined to live on beyond the brief period of time for which it was intended This book serves as a collection of these statements from great philosophers and thought influencers of science past and present It allows the reader quickly to find relevant quotations or citations Organized thematically and indexed alphabetically by author this work makes readily available an unprecedented collection of approximately 18 000 quotations related to a broad range of scientific topics

Alfred Bester's: The Stars: My Destination Byron Preiss, *Alfred Bester's the Stars My Destination* Alfred Bester, Byron Preiss, 1957 Marooned in space after an attack on his ship Nomad Gulliver Foyle lives to obsessively pursue the crew of a rescue vessel that intended to leave him to die *Science-fiction Studies*, 1983 **Alfred Bester's The Stars My Destination** D. Harlan Wilson, 2022-04-25 In this comprehensive study of *The Stars My Destination* D Harlan Wilson

makes a case for the continued significance of Alfred Bester's SF masterwork exploring its distinctive style influences intertextuality affect and innovation as well as its extensive metafictional properties In *Stars* Bester established himself as a son of the pulp SF and high modernist writers that preceded him and a forefather to the New Wave and cyberpunk movements that followed his lead Wilson's study depicts Bester as an SF insider as much as an outlier writing in the spirit of the genre but breaking with the fixation on hard science in favor of psychological interiority literary experimentation and adult themes The book combines close readings of the novel with broader concerns about contemporary media technoculture and the current state of SF itself In Wilson's view SF is a moribund artform and *Stars* foresaw the inevitable science fictionalization of our benighted world With scholarly lucidity and precision Wilson shows us that *Stars* pointed the way to what we have un become *Science Fiction Writers* Richard Bleiler, 1999 On science fiction authors **Starman (1994-)** #48 James Robinson, 2011-07-13 In *Stars* My Destination part 1 David Goyer joins James Robinson as co writer As Jack and Mikael's search for Will Payton continues Mikael unexpectedly goes berserk driven by horrific memories and the duo must make an emergency landing on a small blue world last visited by Swamp Thing *Film Writers Guide* Susan Avallone, 1995

Frontiers Past and Future Carl Abbott, 2006 Abbott offers a fruitful new way to read science fiction one that also greatly enriches our understanding of western history and its impact on our collective imagination Detailing the overlap of science fiction and western fiction especially relating to their mutual interest in and concerns about frontier expansionism he reveals an unsuspected common ground that informs the writings of both camps Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials Abbott's study journeys across the far reaches of science fiction's universe **AB Bookman's Weekly**, 1997

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, **Stars My Destination The** .
