Dunn,2003 This text is designed for students and academics studying the doctrine of the incarnation James Dunn clarifies in detail the beginnings of the belief in Christ as the Son of God and discusses the historical context of such beliefs Exploring key titles and passages within the New Testament he argues that the incarnation cannot simply be understood in terms of the myth of heavenly or divine being come to earth but should be grounded in the New Testament context of meaning

Vaughan Jones,2025-03-01 Christology and Myth in the New Testament 1956 enquires into the extent and origin of the mythological language and ideas underlying the Christology of the New Testament It examines the demythologizing principles and refers to the existential method of reinterpreting those New Testament concepts which are bound up with Hellenistic thought forms and the cosmology of the ancient world while also exploring other philosophical and theological interpretations It considers that the mythical Christology of the New Testament writers should be understood poetically and metaphorically rather than as consisting of objective statements about Jesus and his place in creation The final section of the book is a defence of the retention of mythical concepts and language as psychologically and theologically necessary

expressions of a religious faith which cannot be adequately expressed in merely propositional form **New Testament Christology** G. E. Gorman, 1988-12-08 The New Testament doctrine of the dual nature of Jesus Christ his historical existence as a man and his simultaneous reality as a god has stimulated a resurgence of christological studies by twentieth century scholars and theologians This bibliography is the first work to provide a thorough critical examination of this important body of modern scholarship Containing more than 1 900 annotated entries it will be an essential reference guide for anyone with an interest in early Christianity Christian doctrine or biblical studies In his introduction Hultgren summarizes trends in New Testament christology as reflected in twentieth century European British and American works Sensitively arranged in subject categories the bibliography begins with nine chapters relating to the foundations of christological studies The remaining forty one chapters are divided into three sections dealing with specific topics the titles given to Christ the treatment of Christ by New Testament writers and primary christological themes Many of the entries include extensive commentary as well as passages quoted from the sources Authors titles and subjects are listed in comprehensive indexes Reflecting both the depth and breadth of Dr Hultgren's scholarly analysis this new bibliography is an appropriate choice for New Testament scholars as well as library reference collections **From Jesus to John** Marinus de Jonge, Martinus Christianus Boer, 1993-01-01

Neyrey, 1985 **The Foundations of New Testament Christology** Reginald Horace Fuller, 1965 A fine study of the historical Jesus in the light of the message and witness of the post Resurrection Church It would not be easy to name another English exegete who has digested German scholarship since Bultmann and achieved the critical and sympathetic equilibrium to produce as splendid a book as this packed with original and often disputable readings in the Christology of the New Testament Times Literary Supplement **The Many Faces of the Christ** Ben Witherington (III), Ben Witherington, 1998 In this volume the noted scholar Ben Witherington III discusses in chronological order the New Testament evidence of what the historical Jesus did what he said and what those around him believed **Christ and His Benefits** Arland J. Hultgren, 1987 **The Christology of John Macquarrie** Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic

theologian and philosopher John Macquarrie 1919 2007 in an attempt to comprehend and evaluate his Christology The author examines the people e g Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie s thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie s theology especially his Christology The book also discusses Macquarrie s evaluation and criticisms of the Christology of other theologians e g Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie s understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie s reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of Adoptionism

New Testament Christology Frank J. Matera,1999-01-01 How should we understand the Christ of the New Testament What is the biblical framework that theologians and students must master if their systematic Christology is to be rooted in Scripture In this book Frank Matera answers these questions through a comprehensive study of the Christology found in the New Testament **Christology, Controversy, and Community** David R. Bartlett,2017-08-15 New Testament writers offer varied and persuasive pictures of Jesus that seek to draw people into faith For David Bartlett New Testament Christology is not so much a set of doctrines as a variety of stories songs and scriptural interpretations that help Christian believers and Christian churches follow the Jesus they read about hear about and praise Early Christians framed and told stories shared teachings testified to encounters found solutions to problems acted out in faith and love and sang songs about and to Jesus Christ the resurrected one who represents and shares God s very self to repair and redeem a broken world Baptized by John the Baptist Embarrassingly crucified Teacher and interpreter of Torah Reformer Messiah Proclaimer and agent of a new Kingdom era Lord above and beyond Caesar s empire And most of all a suffering resurrected savior addressed through poetry songs stories titles and ongoing encounters with the community gathered by and in his name Bartlett takes readers on a quick look journey through the New Testament writers understanding of Jesus and his saving significance In the process he reminds Christians and those who would understand their founding documents that these differing context dependent portraits of Jesus are vehicles of a practical living faith They don t just say something they do something revealing an underlying conviction somehow God was in Jesus Christ reconciling the world to God s very self 2 Corinthians 5 19
