*The Classic Nude* George M. Hester, 1973      *The Nude* Kenneth Clark, 2023-10-17 A landmark study of the nude in art from the ancient Greeks to Henry Moore by a towering figure in art history In this classic book Kenneth Clark one of the most eminent art historians of the twentieth century examines the ever changing fashion in what constitutes the ideal nude as a basis of humanist form from the art of the ancient Greeks to that of Renoir Matisse and Henry Moore The Nude reveals the sensitivity of aesthetic theory to fashion what distinguishes the naked from the nude and just why the nude has played such an important role in art history As Clark writes The nude gains its enduring value from the fact that it reconciles several contrary states It takes the most sensual and immediately interesting object the human body and puts it out of reach of time and desire it takes the most purely rational concept of which man is capable mathematical order and makes it a delight to the senses and it takes the vague fears of the unknown and sweetens them by showing that the gods are like men and may be worshipped for their life giving beauty rather than their death dealing powers Please note All images in this ebook are presented in black and white and have been reduced in size      Classics of the Nude M.
