The Clinton Enigma The:

The Clinton Enigma David Maraniss, 1999-01-08 From the author of the Bill Clinton biography *First in His Class* comes this in depth analysis on Bill Clinton and his famous speech about his relationship with Monica Lewinsky Pulitzer Prize winning journalist David Maraniss regarded by his peers as the nation's leading expert on Bill Clinton sat in a darkened television studio in New York on the night of August 17 and watched the president deliver his curious apologia confessing that he had misled the nation about his relationship with Monica Lewinsky As Maraniss the author of *First in His Class* the highly acclaimed Clinton biography listened to the president's words that night it struck him that he had heard them all before though never in one speech and that in those four and a half minutes Clinton had revealed all the contradictory qualities of his tumultuous life and political career In this insightful book drawing from the biography and his writings for *The Washington Post* Maraniss dissects the speech as a revelation of the president's entire life Alternately reckless and cautious righteous and repentant evasive and forgetful relying on family and friends to protect him affirming his faith in God and then turning to polls to tell him what the public would tolerate communicating with the public over the heads of pundits and professionals transforming his personal trauma into a political cause by attacking his and his wife's enemies asking us all to put his troubles behind us Clinton combined all his weaknesses and strengths in that one brief address In the first section of *The Clinton Enigma* Maraniss reflects as a biographer on his curious but revealing dealings with Clinton over the years Then after Clinton has spoken Maraniss dissects the words and interprets the deeper meaning paragraph by paragraph to show the roots and echoes from the president's past and to explain why Clinton acts and speaks as he does With Bill Clinton Maraniss writes past is always prologue

The End Of Earth Philip N. Moore, 2024-11-01 In this eye opening exploration discover how Moses ancient prophecies on Israel the coming of Jesus and the End Times have striking connections to modern day events Delve into how these timeless predictions align with the unexpected rise of Donald Trump Nostradamus cryptic visions and the eerie legacy of the Kennedy curse With meticulous research this book unravels a complex web of prophetic clues leading to the conclusion that the mystery surrounding the assassination of JFK and its aftermath has finally been solved Prepare to be astonished as you uncover the undeniable threads that tie together history's greatest mysteries with prophetic foresight Is it coincidence or is there a higher plan at work

Character in Chief: The Personality and Character of Current and Past Presidents John M. Berez, Ph.D., 2000-12 Using analytic skills honed to a sharp edge with years of psychotherapy experience John Berez explores such contemporary issues as Was Nixon a wife beater Was Dubya smart enough to be president Is Gore too uptight to lead the free world Did the 2000 election boil down to a choice between personality and competence Skillfully Berez explores the relationship between character and personality helping the reader understand how a man with the moral integrity of Jimmy Carter could bungle the presidency and a man like Clinton with so little character could manage it so successfully Drawing on three decades of teaching and therapy Berez burrows beneath

the surface of personality and character to reveal the real person working in the Oval Office With penetrating insight and concise writing the author acquaints the reader with the real people behind the pageantry of the presidency This book clearly disentangles the contradictions of Bill Clinton s presidency by examining his split personality Berecz explains and clinically documents Clinton s dual personalities a sociopathic personality Slick Willy and a codependent personality Baptist Billy Resulting from Clinton s two world childhood these personalities are only loosely connected and operate serially to control his behavior Like many adult children of alcoholics ACA Clinton seeks by turn to please or to manipulate Baptist Billy told voters I feel your pain and he did but Slick Willy said he didn t inhale and didn t have sex with that woman Character in Chief is must reading for anyone interested in politics in general and the presidency in particular With fairness and compassion Berecz will lead you to a deeper understanding of our great democracy and the people who lead it *Clinton's Elections* Michael Nelson, 2026-03-24 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party s inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton s presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In Clinton s Elections Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton s place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction Captain America and the Crusade Against Evil Robert Jewett, John Shelton Lawrence, 2004-06-14 Grasping this vision honored by Judaism Christianity and Islam alike includes recognizing the dangers of zealous violence the illusions of current crusading and the promise of peaceful coexistence under international law

The Politics Of the Presidency, 7th Edition Joseph A Pika, John Anthony Maltese, 2008-02-06 Pika and Maltese deliver comprehensive and engaging analysis of the increasingly political nature of the presidency while artfully balancing the historical foundations of the office This fully updated seventh edition includes analysis of the accelerated 2008 nomination process further scrutiny of the wars on terror and in Iraq a close look at Bush s judicial appointments and a measured

assessment of the president's impact on such pressing issues as education global warming and illegal immigration

Judgment Day at the White House Gabriel Fackre, 1999 Politically the president may survive his time on the cross Kenneth Woodward writes in Newsweek but many leading religious thinkers still doubt his spiritual sincerity Seeing the current crisis in the White House as a critical moment in the life of our nation more than a hundred scholars of religion and public life have penned the Declaration concerning Religion Ethics and the Crisis in the Clinton Presidency a statement meant to bring clarity to the moral confusion caused by the presidential scandal The Election of 2000 Gerald M. Pomper, 2001-02 This work assesses the first presidential election of the 21st century After a relatively uneventful campaign season the American electorate divided evenly between two similar candidates who raised and spent record sums of money

The Canadian Journal of Science, Literature and History, 1875 **Canadian Journal of Science, Literature, and History**, 1875 Gleason's Monthly Companion, 1881 **Meet the Press**, 1998 **Ballou's Monthly Magazine**, 1887 **Bookseller Newsman Incorporated**, 1897 The Politics of the Presidency Joseph August Pika, John Anthony Maltese, 2005 Artfully balancing the historical foundations of the office with analysis of the increasingly political nature of the presidency Pika and Maltese assess the institution the individuals who have served the president's interactions with the public and governing elites and the chief executive's impact on public policy Offering students the best of both worlds this comprehensive text offers historical examples and context throughout while weaving new scholarship and balanced coverage of the current Bush administration into every chapter making The Politics of the Presidency the most current presidency text on the market *Attack Politics* Emmett H. Buell, Lee Sigelman, 2008 Ask most Americans and they'll tell you that presidential campaigns get dirtier and more negative with every election This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn't increased *The Fate Of The Union* Robert Shogan, 1998-09-03 Illuminates the path down which our politics is headed in Clinton's second term and beyond **New Scientist**, 1998 *New Scientist and Science Journal*, 2004 **Time**, 1992
