defendants who have been victims of state misconduct The volume explores the normative justifications for mitigation and answers many intriguing questions For example in terms of the procedural challenges should the offender have to prove a causal link between state wrongdoing or neglect and the offending Can a court take judicial notice of state induced social adversity and apply this consideration to all affected offenders Other questions relate to the implications for courts and sentencing commissions which issue guidance to courts regarding mitigation at sentencing To what extent is the offender less culpable as a result of state misconduct and what are the limits of any resulting sentence reductions Do sentence reductions for state misconduct undermine proportionality or deprecate the seriousness of the impact on the victim of crime Should this factor be included in any sentencing guidelines or possibly even as a statutory mitigating factor Each contribution explores a distinct cross jurisdictional claim for mitigation on the basis of State negligence or misconduct towards the offender The chapters all address the appropriate response of courts at sentencing Lippincott's Monthly Magazine ,1877 **Among the Gods** Augusta Klein,1895 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Arthur's Home Magazine ,1884
