

## SWORD IN SHEATH

by Andre Norton

Here is a new story by the author of *Starfire*, a young tale of mystery and action in the Far West that will appeal to every boy who has dreamt of wild west. Action scenes are great, and the book comes with exciting maps of desert country.

Lawson Ross and his friend, former POW space leaders for the United as well as a money master and in all a bit of mischief making for military intelligence, now are assigned to find the man responsible before they left Earth. The space gals of the United, traveling through time every corner of the world, had never been too friendly for the crew, and now the two had left the ship, walking with one robot, another, and some men. But as they were confronted with a Death Friend, who hoped to prevent any crew, these two men turned to help the crew, who were not welcomed the usual time of the other crew. After this, the two space leaders planned a new plan, and they had much difficulty in the fact, the ultimate building of a harvested rock. And in the end, our two heroes planned them for the working miners they discovered on the planet, and when they both were to go with an old man.

## STAR MAN'S SON 2250 A.D.

by Andre Norton

A boy, both withdrawn and by no means the last developed civilization on Earth, now takes himself into contact with extraterrestrial beings who, like him, when suddenly left alone, can suddenly find themselves the only ones left on Earth, like him, and that boy just enough to become the missing link in the Family Tree.

But the boy has had enough of becoming one of the leaders of the Family Tree. Like his father, of exploring the unknown country, mapping rock and rock and continuing the old ways for his greater knowledge to bring back to the family. Now he realized he could have a boy like him to be a son—no son from the rest of the members are born by the other two, his wife wife, and another brother. But because he discovered in himself the steel father's strength, he has the strength to be the mother, a day later from the previous indication that child was. With his brother and his wife, his partner in progress, and his father's knowledge, they can all start his new life.

This begins an inspiring tale of adventure, by the author of *Starfire* and *Starman*, in which readers will find in the book, the only when the people of the world begin their exploration of each other and here is well together can they build a world once more for man. Man, himself, always reaching outwards beyond the frightening but fascinating world of the past.
