Tinsley's Magazine, 1874      Sketches and Studies in Italy and Greece John Addington Symonds, 1879      Love on the Racks Michelle Nolan, 2015-03-21 For the better part of three decades romance comics were an American institution Nearly 6000 titles were published between 1947 and 1977 and for a time one in five comics sold in the U S was a romance comic This first full length study examines the several types of romance comics their creators and publishing history The author explores significant periods in the development of the genre including the origins of Archie Comics and other teen publications the romance comic boom and bust of the 1950s and their sudden disappearance when fantasy and superhero comics began to dominate in the late 1970s      **The Origins and Sources of the Court of Love** William Allan Neilson, 1899

**Managing Intensity and Play at Work** Niels Åkerstrøm Andersen, 2013-01-01 This book treats seriously one of the fundamental trends characterizing contemporary institutions namely the inability to establish a ground from which purpose and direction can be defined It questions the core trope of permanent change and exposes its emptiness in a thorough and considered manner which enriches the way we question organizational orders Bogdan Costea Lancaster University UK What does it mean to organize when the only established premise is that everything is transient How is it possible for an organization to manage expectations based on the expectation of the unexpected In this thought provoking book Niels Åkerstrøm Andersen uses a unique combination of deconstruction systems theory and discourse theory to critically discuss topics such as the management of feelings partnerships as second order promises and work life balance as an immune defense against over socialized employees He assesses the parallels between layoffs in intimate organizations and modern professional divorce discourses and explores the dichotomy of double bounded management commanding both do as I say and be autonomous In so doing Professor Andersen encourages the reader to look at relationships in the workplace in new ways This unique book will prove invaluable for academics and students of human resource management organizational behavior and critical management studies      **Crime Comics Rise** Ethan Parker, 2025-03-10 Crime Comics Rise explores the tumultuous history of crime comics in mid 20th century America detailing their rapid ascent and the subsequent moral panic that nearly eradicated them The book argues that the controversy surrounding these comics was rooted in deep seated societal anxieties about juvenile delinquency and Cold War paranoia rather than simply objectionable content One intriguing fact is that the comics industry itself responded to the pressure by forming the Comics Code Authority CCA which significantly altered the landscape of comic book publishing The book meticulously charts the evolution of the crime comic genre and analyzes the arguments of those who saw them as a corrupting influence It examines the social political and psychological forces at play offering a valuable perspective on media censorship and cultural anxieties For instance the public hearings brought the issue to national attention revealing the intense feelings surrounding media violence The narrative unfolds chronologically beginning with the emergence of crime comics progressing through the anti comics

movement and culminating in the establishment of the CCA By examining original comics archival documents and government reports the book provides a comprehensive account of this pivotal moment in comics history and its lasting impact

*The Spirit of Understanding* Margaret J. Howell,2013-07-29 The winning contestants on University Challenge could not identify lines from one of the best known English poems Keats Ode to Autumn and seemed unconcerned about their ignorance This book provides an engaging retrospect for readers who have forgotten or who have never had much chance to study their own literature and history In presenting a kind of cross section of this abundant inheritance it supplies ample selective quotes and suggests an antidote to the strange sickness of

modernity which seems to have forgotten that memory is the mother of the muses Literature one of the bulwarks of defence against unwarranted authority has been attacked distorted and eliminated from curricula because its traditional teachings handed on for generations oppose a determined modernist agenda The age demands conformity the poets are independent The traditional writings banished from shelves and the popular imagination educate the soul inculcating such qualities as fortitude one of the forgotten virtues Criticism of and from the media the self appointed commentators who make up the narratives of the day has been undertaken by analysts as diverse as Noam Chomsky and William Buckley Some of their works are listed in the bibliography Myths and heroic tales that inform western literature and adjust our perspective come principally from the Greeks especially from Homer and from Vergil who told the great tale of Troy that fulfilled the dreams of Rome Homer delighted in the natural world in beautifully made arms cups tapestries all bathed in a pitiless light The old Anglo Saxon poets who also wrote in the epic tradition felt particularly the mightiness of evil the transience of life and the power of the word to shape the world and to hold themselves in remembrance The Middle Ages achieved the greatest dream of all uniting the mythical with the practical painting great panoramas of life meditating upon the unseen and the Elizabethan age rediscovered heroism and the power of personality After the free discourse and argument of the seventeenth century with its resulting wars and fragmentation a more cohesive nation emerged one that came to believe in reason and man's own mind while the Romantic poets who followed show sometimes disastrously the wildness of individualism of diversity apart from social integration and a common faith The long Victorian afternoon and golden evening of the nineteenth century saw an expansion of these tendencies and a renewing of faith but there has been no significant new development from the revolution and romanticism of a century earlier Rather the movement has played itself out with post modernism From its origin to the renaissance Henri Van Laun,1883 **English Writers** Henry Morley,1890 **A First Sketch of English Literature** Henry MORLEY (Professor of English Literature at University College, London.),1873 *Analele Universității București* ,2002 *The Cosmopolitan* ,1900 **Publications of the Modern Language Association of America** Modern Language Association of America,1894 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography **Christian Science Sentinel** ,1900 **The Mating Trade** Robert Mullan,2022-02-23 Are marriages made in heaven In reality many people need a little help in the arrangement of such matters whether from Jewish shadkhans matchmakers go between computer or video dating agencies marriage bureaux Asian arranged marriages gay dating agencies or personal ads Originally published in 1984 the author's clear sighted look at the mating trade takes some of the mystique away from the subject and is the first serious and detailed account of the third party in marriage Dr Mullan looks at the singles scene and the arranged marriage historically and cross culturally and makes it clear that there is nothing necessarily odd or deviant about the mating trade It is a business like any other and as long as people continue to want perfect partners marriage permanent relationships dates

and sex and while evolving social structures make such demands ever more difficult to meet the business will thrive It could even expand and grow but the author believes that first it will have to clean up its act
