post 1945 period the authors show how government policy encouraged capital withdrawal rather than encouraging the investment needed for restructuring The examples of corporate success since the Second World War such as David Alliance and his Viyella Group exploited government policy access to capital markets and closer relationships with retailers but were ultimately unable to respond effectively to international competition and the challenges of globalisation The chapters in this book were originally published in Business History and Accounting Business and Financial History COMMERCE REPORTS VOLUME 4 ,1927 **Catalogue of the Library of the Minnesota Historical Society** Minnesota Historical Society.
