Textual Politics: Discourse And Social Dynamics Jay L. Lemke, 2005-10-18 Texts record the meanings we make in words pictures and deeds and politics chronicles our uses of power in shaping social relationships large and small Textual politics is about meaning the meaning we make with words and with the symbolic values of every object and action The book begins with an introduction which discusses the relationship between Discourse And The Notions Of Power And Ideology These Concepts Are Then applied to major issues the social construction of class gender and individuality the rhetoric of polarizing social controversies religious fundamentalism vs gay rights and the abuse of technical language in policy arguments educational research vs conservative politics The book ends with chapters which extend the theory to processes of large scale social change and apply it to the challenges facing education and political action in the new global information century

**Brain, Mind and the Signifying Body** Paul Thibault, 2006-09-17 Brain Mind and the Signifying Body is an exploration of a multimodal theory of cognitive science Using linguistic theories first developed by Saussure and more latterly by M A K Halliday Paul Thibault analyses how social and biological systems interact to produce meaning This fascinating study will be of interest to undergraduates and academics researching cognitive linguistics and advanced semiotics The book engages with the current dialogue between the human and life sciences to ask questions about the relationship between the physical biological aspects of a human being and the sociocultural framework in which a human being exists Paul J Thibault argues that we need to understand both the semiotic discursive nature of meaning making and the physical context in which this activity takes place The two are inseparable and hence the only way we can understand our subjective experience of our environment and our perceptions of our inner states of mind is by giving equal weight to both frameworks This ecosocial semiotic theory engages with linguistics semiotics activity theory biology and psychology In so doing the book produces a new way of looking at how a human being makes sense of his or her environment but also how this environment shapes such meanings
