Textual Criticism and Scholarly Editing George Thomas Tanselle,1990      Scholarly Editing in the Computer Age Peter L. Shillingsburg,1996 A practical introduction to the aims controversies and procedures of scholarly editing      Digital Scholarly Editing Elena Pierazzo,2016-03-16 This book provides an up to date coherent and comprehensive treatment of digital scholarly editing organized according to the typical timeline and workflow of the preparation of an edition from the choice of the object to edit the editorial work post production and publication the use of the published edition to long term issues and the ultimate significance of the published work The author also examines from a theoretical and methodological point of view the issues and problems that emerge during these stages with the application of computational techniques and methods Building on previous publications on the topic the book discusses the most significant developments in digital textual scholarship claiming that the alterations in traditional editorial practices necessitated by the use of computers impose radical changes in the way we think and manage texts documents editions and the public It is of interest not only to scholarly editors but to all involved in publishing and readership in a digital environment in the humanities      Scholarly Editing David C. Greetham,1995 Written by acknowledged experts in literary studies this collection of twenty five essays surveys the history of scholarly editing describes the major research in a variety of disciplines summarizes the resources available to scholars and analyzes the issues currently facing textual editions The book begins with a survey of scholarly editing following by four essays on the long tradition of editing the Bible and Greek and Latin classics The next cluster of essays proceeds through the major periods of British and American literature from medieval to modern further subdividing the Renaissance and the nineteenth century by genre and including a chapter devoted to Shakespeare Additional essays cover other European literatures French Old French and early modern Italian medieval Spanish German and Russian The concluding essays discuss representative non European literatures Arabic and Sanskrit and the nonliterary editing of folk literature in various languages Each chapter includes a history of scholarly editing in the field a citation of exemplary editions and an introduction to a recommended list of further readings This collection will be of considerable interest to both those who are new to scholarly editing and those who have experience editing texts in one period or literature and would like to learn about the practices in other fields      **Digital Scholarly Editing** Matthew James Driscoll,Elena Pierazzo,2016-08-15 This volume presents the state of the art in digital scholarly editing Drawing together the work of established and emerging researchers it gives pause at a crucial moment in the history of technology in order to offer a sustained reflection on the practices involved in producing editing and reading digital scholarly editions and the theories that underpin them The unrelenting progress of computer technology has changed the nature of textual scholarship at the most fundamental level the way editors and scholars work the tools they use to do such work and the research questions they attempt to answer have all been affected Each of the essays in Digital Scholarly Editing approaches these changes with a different methodological consideration in

mind. Together they make a compelling case for re-evaluating the foundation of the discipline one that tests its assertions against manuscripts and printed works from across literary history and the globe. The sheer breadth of Digital Scholarly Editing along with its successful integration of theory and practice help redefine a rapidly changing field as its firm grounding and future-looking ambit ensure the work will be an indispensable starting point for further scholarship. This collection is essential reading for editors, scholars, students and readers who are invested in the future of textual scholarship and the digital humanities.

**Editors, Scholars, and the Social Text** Darcy Cullen, 2012-05-30 An academic book is much more than paper and ink pixels and electrons. A dynamic social network of authors, editors, typesetters, proofreaders, indexers, printers and marketers must work together to turn a manuscript into a book. Editors, Scholars, and the Social Text explores the theories and practices of editing the processes of production and reproduction and the relationships between authors and texts as well as manuscripts and books. By bringing together academic experts and experienced practitioners including editorial specialists, scholarly publishing professionals and designers, Editors, Scholars, and the Social Text offers indispensable insight into the past and future of academic communication.

*The Work and The Reader in Literary Studies*

Paul Eggert, 2019-08-29 Reflects on and re-imagines the role of the scholarly edition and its reader in the twenty-first century.

*Theories of the Text* David C. Greetham, 1999 Theories of the Text is the first book to address the changing practice of bibliography, textual criticism and scholarly editing in a comprehensive way. It opens up the debate on a range of issues relating to these three practices.

*Text Genetics in Literary Modernism and other Essays* Hans Walter Gabler, 2018-02-20 This collection of essays from world-renowned scholar Hans Walter Gabler contains writings from a decade and a half of retirement spent exploring textual criticism, genetic criticism and literary criticism. In these sixteen stimulating contributions he develops theories of textual criticism and editing that are inflected by our advance into the digital era. Structurally, analyses, arts of composition in literature and music and traces the cultural implications discernible in book design and in the canonisation of works of literature and their authors. Distinctive and ambitious, these essays move beyond the concerns of the community of critics and scholars. Gabler responds innovatively to the issues involved and often endeavours to re-think their urgencies by bringing together the orthodox tenets of different schools of textual criticism. He moves between a variety of topics ranging from fresh genetic approaches to the work of James Joyce and Virginia Woolf to significant contributions to the theorisation of scholarly editing in the digital age. Written in Gabler's fluent style, these rich and elegant compositions are essential reading for literary and textual critics, scholarly editors, readers of James Joyce, New Modernism specialists and all those interested in textual scholarship and digital editing under the umbrella of Digital Humanities.

Greetham,2015-10-28 First published in 1994 This fully revised and updated edition of the bestselling Textual Scholarship covers all aspects of textual theory and scholarly editing for students and scholars As the definitive introduction to the skills of textual scholarship the new edition addresses the revolutionary shift from print to digital textuality and subsequent dramatic changes in the emphasis and direction of textual enquiry A Rationale of Textual Criticism George Thomas Tanselle,1992 A philosophic grounding for textual criticism that shows how textual criticism is an integral part of the activity of reading Editing Documents and Texts Beth Luey,Kathleen

Gorman, 1990 Over the past twenty years the field of scholarly editing has expanded and altered immeasurably. In *Editing Documents and Texts* Beth Luey has compiled for the first time 900 references from nearly 200 journals and books that explain how scholarly editors do their work and the theories behind their editing. Bridging the traditional gap between historical and literary editing, Luey surveys the relevant scholarship in all editorial fields and presents a thorough picture of the state of the discipline. Anyone interested in the editing of documents and texts, whether an undergraduate or graduate student, instructor or a beginning or experienced editor will find *Editing Documents and Texts* an indispensable reference.
