## **Thad Snow:**

**Thad Snow** Bonnie Stepenoff, 2003 Thad Snow 1881 1955 was an eccentric farmer and writer who was best known for his involvement in Missouri's 1939 Sharecropper Protest a mass highway demonstration in which approximately eleven hundred demonstrators marched to two federal highways to illustrate the plight of the cotton laborers Snow struggled to make sense of the changing world and his answers to questions regarding race social justice the environment and international war placed him at odds with many In Thad Snow Bonnie Stepenoff explores the world of Snow providing a full portrait of him Snow settled in the Missouri Bootheel in 1910 Swampeast Missouri as he called it when it was still largely an undeveloped region of hardwood and cypress swamps He cleared and drained a thousand acres and became a prominent landowner highway booster and promoter of economic development though he later questioned the wisdom of developing wild land In the early 1920s cotton fever came to the region and Snow started producing cotton in the rich southeast Missouri soil Although he employed sharecroppers he became a bitter critic of the system that exploited labor and fostered racism In the 1930s when a massive flood and the Great Depression heaped misery on the farmworkers he rallied to their cause Defying the conventions of his class he invited the Southern Tenant Farmers Union STFU to organize workers on his land He became a friend and colleague of Owen Whitfield an African American minister who led the Sharecroppers Roadside Strike of 1939 The successes of this great demonstration convinced Snow that mankind could fight injustice by peaceful means While America mobilized for World War II he denounced all war as evil remaining a committed pacifist until his death in 1955 Shortly before he died Snow published an autobiographical memoir From Missouri in which he affirmed his optimistic belief that people could peacefully change the world This biography places Snow in the context of his place and time revealing a unique individual who agonized over racial and economic oppression and environmental degradation Snow lived worked and pondered the connections among these issues in a small rural corner of Missouri but he thought in global terms In a new millennium with the civil rights movement and a series of wars to inform us these issues still demand our attention today Well crafted and highly readable Thad Snow provides an astounding assessment of an agricultural entrepreneur transformed into a social critic and an activist
