The Fifth Narrative Benjamin Katz, 2004-05 This book was written for bright brave and curious people who wish to become farsighted to find other meanings and necessities beyond our recent Grand Tales Religion Pessimism Capitalism and Science The Fifth Narrative is about our emergence out of our dung beetle state It reveals our unawareness that the dungballs which currently sustain us Grand Narratives constrain our ability to be farsighted thus endangering our future evolution It tells how human folly in our time seems more than ever to confound these grand stories and their bearing meaning It explains why a new grand Narrative is necessary in order to survive and prevail And why a new psychology encompassing areas like global ecology demography resources and politics is of impending necessity The book deals with the emergence of a new civilization through technology and farsighted knowledge which will form and guide our further evolution Its essential message is Let us become wiser ascending Icarus rising beyond our limiting schemes and perspectives
