# The Abusers

**Public Library of Cincinnati and  
Hamilton County**

## **The Abusers:**

**Childhood Sexual Abuse Believing Victims and Supporting Survivors** Dr. Deborah Inman, 2018-08-17 Even in today's world where the Me Too movement is raising awareness of the magnitude of sexual abuse, children remain the silent majority of victims of sexual predators and pedophiles. Although there has been an increase in public discussions through the media and high profile cases, the sexual abuse of children still remains a difficult topic for victims and their families. Dr. Deborah Inman incorporates knowledge and expertise from personal and professional experience with current research and statistics to raise awareness about the continuing prevalence of child sexual abuse and the lifelong impact on victims and survivors. In a thoughtful presentation designed to help parents and mental health professionals navigate through the challenges of this type of abuse, Dr. Inman documents the pervasiveness of childhood sexual abuse in the United States, provides resources for parents to protect and support their children, shares insight to help a support system guide children after they reveal their secret, explains how a survivor's parents are impacted by abuse, offers guidance on how to help the child begin healing, provides detailed examinations of real life cases and challenges the legal system to hold abusers responsible for their actions. In this comprehensive guidebook, Dr. Inman shares wisdom and tips that will help childhood sexual abuse victims and their support systems navigate through the trauma and ultimately toward healing. Becoming

Yourself Alison Miller, 2018-05-11 In contrast to the author's previous book *Healing the Unimaginable: Treating Ritual Abuse and Mind Control* which was for therapists, this book is designed for survivors of these abuses. It takes the survivor systematically through understanding the abuses and how his or her symptoms may be consequences of these abuses and gives practical advice regarding how a survivor can achieve stability and manage the life issues with which he or she may have difficulty. The book also teaches the survivor how to work with his or her complex personality system and with the traumatic memories to heal the wounds created by the abuse. A unique feature of this book is that it addresses the reader as if he or she is dissociative and directs some information and exercises towards the internal leaders of the personality system, teaching them how to build a cooperative and healing inner community within which information is shared, each part's needs are met, and traumatic memories can be worked through successfully. **Sins of the Father** Mitchel Scanlon, 2007-01-01

She knows what you're thinking. When a bloody message is left carved into the body of a murdered man, the forensic evidence indicates the killer was a hulking giant possessed of nearly superhuman strength. Psychic analysis of the crime scene indicates the murder was committed by a child. As she begins her investigation, Psi Judge Cassandra Anderson learns of a terrible crime committed against the children of Mega City One. Now one of their victims has returned to even the score, and as the body count rises and Anderson closes in on the killer, she is forced to confront the dark secrets of her own past.

From the Trenches Wendy Hoffman, Alison Miller, 2018-03-26 This book is a shaking read, its controversial political statement putting forward the demand that readers accept the existence of conscious splitting of personality through

treachery deception betrayal torture and violence Beginning with the introductory poem the book is an outcry about the significance of personal freedom as well as a blazing plea for commitment to making these abuses known and helping victims achieve safety and healing The two authors present victims horrendous experiences in a rational factual and professional way building a foundational knowledge regarding what mind control is how it uses deceit and lies and how through betrayal and attachment trauma the basis is laid for lifelong exploitation The authors present the terrifying and horrible situations that children are exposed to as they are coerced into actions that go against their own beliefs and true natures The cooperation of the two authors client and therapist based on mutual respect serves as a model for every change process solidarity freedom and equality

**From Surviving to Thriving** Mary Bratton, 2014-03-18 Become more effective in therapy when working with survivors of abuse From Surviving to Thriving A Therapist's Guide to Stage II Recovery for Survivors of Childhood Sexual Abuse is a comprehensive manual for treating survivors of childhood physical sexual and emotional abuse Inspired by the author's own private practice it combines both theory and practice and supports the therapeutic partnership with a step by step outline of the healing process This outline includes concrete and incremental strategies and exercises that help you move the survivor beyond Stage I trauma debriefing to life changing Stage II recovery In From Surviving to Thriving you'll find everything you need to know about obtaining and maintaining autonomy and speeding recovery in the age of managed care The self contained focused and incremental interventions presented in this book can be woven into your own therapeutic style giving you and your clients more freedom satisfaction and most importantly swift treatment and recovery You'll also find step by step guidance for dealing with adult survivors including rationale for diagnosis process and sequence In addition to the description of theoretical orientations and illustrations Surviving to Thriving contains an overview and detailed outline of the incremental recovery process pitfalls and positive strategies for establishing the therapeutic relationship detailed instructions for building a foundation for effective therapy by reframing the client's self concept explanations of pathological symptoms in context of necessary and brilliant survival defenses workable specific and sequential interventions for each stage of healing designed to become autonomous and self generating for the client techniques for trauma resolution using the survivor's internal experience Because it's written in accessible language and includes explanations of clinical concepts you'll feel comfortable putting From Surviving to Thriving in the hands of select clients a unique feature that sets it apart from most clinical texts This book provides exercises to help move clients into the healing recovery of Stage II Enhanced with art and writing from recovering survivors this book is a valuable asset as you and your clients begin the collaborative journey toward renewed emotional well being
