Thackeray An Uneasy Victorian:

An Uneasy Victorian Ann Monsarrat, 1980 **William Thackeray** Ann Monsarrat, 1989 *Domesticity, Imperialism, and Emigration in the Victorian Novel* Diana C. Archibald, 2002 *War, the Army and Victorian Literature* J. Peck, 1998-05-13 A ground breaking study of how literature both reflected and contributed to the eclipse and subsequent revival of militarism in the nineteenth century Focusing on four major disputes in the Crimea India the Sudan and South Africa as well as the role of the army in Britain John Peck examines how Victorian writers responded to military issues At the heart of the book is a dilemma that characterises the Victorian period the impossibility of reconciling imperial aggression with liberal domestic values **Breeches and Metaphysics** S. S. Praver, 2017-12-02 This study traces the successive stages of Thackeray's contact with the German world and analyses the discourse he developed as a result The author is concerned with the fiction and criticism of Thackeray's Paris Sketch Book and the impressions related by the cockney traveller in Irish Sketch Book and Notes of a Journey from Cornhill to Grand Cairo Thackeray's own pictorial illustrations of his writings and those by Cruikshank Doyle and Walker which he supervised and supplemented are recognized as an integral part of his German discourse The study is a chronological one setting Thackeray's construction of German and the Germans against the background of his own development and of the social industrial cultural and political history of Britain and its continental neighbours **W.M. Thackeray's European Sketch Books** Siegbert Salomon Praver, 2000 This copiously illustrated study focuses for the first time in any language on the whole range of Thackeray's verbal and graphic portraits and caricatures of European men women and children of his own and earlier periods It takes its readers on what he called a Roundabout Journey in which they look through the eyes of a variety of narrators and personae at natives of France Greece Italy Switzerland the Habsburg Empire Poland Russia Scandinavia the Low Countries Spain Portugal and Turkey There are a few German examples too but these are peripheral here because the author has considered them in depth in a previous book **Breeches and Metaphysics** Thackeray's German Discourse The contexts in which these portraits and caricatures are set include more or less ironized stereotypes and conventions impressions of landscapes and townscapes trade and diplomatic relations European literature drama showmanship journalism music and many varieties of the pictorial arts Some of the most memorable portrayals characterize past and present writers and artists through descriptive analyses of their work Contemporary prejudices and received opinions relating to class gender and nationality flow freely into such characterizations but they are constantly relativized by the interposition of quirky narrators and a keen sense of the failings and snobberies of Britons observed at home and abroad While reflecting his time in many ways Thackeray's discourse also helped to shape it and a close scrutiny of the European portraits here disengaged from his work should serve to enhance his stature as a shrewd and witty observer a gifted portraitist and caricaturist with pen and pencil and a powerful voice in Britain's ongoing conversation with her European neighbours **Nineteenth-Century Literature Criticism** Jessica

Bomarito,2006-06 Presents literary criticism on the works of nineteenth century writers of all genres nations and cultures Critical essays are selected from leading sources including published journals magazines books reviews diaries broadsheets pamphlets and scholarly papers Criticism includes early views from the author s lifetime as well as later views including extensive collections of contemporary analysis **The Contemporary Review** ,1981 **British Children's Writers, 1800-1880** Meena Khorana,1996 Like other volumes in the series this work discusses the lives and careers of individual authors and summarizes critical responses to their work from initial publication to 1995 Each entry includes a complete list of the author s works **British Short-fiction Writers, 1800-1880** John R. Greenfield,1996 Biographical information on British authors who published short fiction during the 19th century **Writing Irishness in Nineteenth-century British Culture** Neil McCaw,2004 The representation of the Irish in English canonical fictions was to have been the subject of this monograph The editor realised the enormity of the task and limited the present volume to an overview of the Irish Irish authors and Ireland in English literature *Victorians Institute Journal* ,1993 **British Writers: Elizabeth Gaskell to Francis Thompson** British Council,1979 This collection of critical essays covers hundreds of writers who have made significant contributions to British Irish and Commonwealth literature from the 14th century to the present day The contributors analyze many individual works and engage the reader withtheir distinctive themes and stylistic Introductory essays and chronological tables open each volume and provide historical background English Literature, 1832-1890 Paul Turner,1989 This volume continues the story of English literature through most of the Victorian period a period that in religion and politics science and technology sociology social life and its physical environment witnessed the often painful development of modern England Paul Turner studies not only traditional genres like poetry drama and history but also scientific and technical writing art criticism and religious controversy biography autobiography travel books and books for children With over 170 authors discussed the book is a complete survey of the field as seen in the light of present day scholarship and against the context of classical and established precedents Also included is a chronological table of contemporary events historical background and a bibliography *Masterplots* Frank Northen Magill,1996 Oxford Dictionary of National Biography: Taylour-Tonneys Henry Colin Gray Matthew,Brian Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 **Stanford Library Bulletin** ,1962 **Language Handbook for Student Writers** ,1990 **Biography Index** Bea Joseph,1979 A cumulative index to biographical material in books and magazines **Kaapse bibliotekaris** ,1981 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 also published separately
