A History of the End of the World Tim Rayborn,2022-01-18 We may never know when the actual end of the world is upon us but that doesn t mean we can t freak out about the end times Spanning centuries cultures and continents the more than 80 doomsday scenarios featured in *A History of the End of the World* examine humanity s tendency to envision the end of itself and everything else in the universe With offerings pulled from religion and mythology science literature and conspiracy theories the range of stories is fascinating illuminating and frequently strange But whether they issue from an ancient text or a pulp sci fi novel each of these apocalyptic visions will resonate and remain at the backs of our minds making us a little bit excited and a little bit anxious keeping us awake as we lay in bed wondering what we re moving toward Book jacket

Coming Prophetic Events. Three Lectures on Prophecy, Delivered at Fermoy, Ireland, Showing the Immediate Fall of the Papacy; Dissolution of the Ottoman Empire; Restoration of the Jews; and Coming of the Lord M. Garnier,1873 **A History of the End of the World** Jonathan Kirsch,2009-10-13 The Book of Revelation has served as a language arsenal in a great many of the social cultural and political conflicts in Western history Again and again Revelation has stirred some dangerous men and women to act out their own private apocalypses Above all the moral calculus of

Revelation the demonization of one's enemies the sanctification of revenge taking and the notion that history must end in catastrophe can be detected in some of the worst atrocities and excesses of every age including our own For all of these reasons the rest of us ignore the book of Revelation only at our impoverishment and more to the point at our own peril The mysterious author of the Book of Revelation or the Apocalypse as the last book of the New Testament is also known never considered that his sermon on the impending end times would last beyond his own life In fact he predicted that the destruction of the earth would be witnessed by his contemporaries Yet Revelation not only outlived its creator this vivid and violent revenge fantasy has played a significant role in the march of Western civilization Ever since Revelation was first preached as the revealed word of Jesus Christ it has haunted and inspired hearers and readers alike The mark of the beast the Antichrist 666 the Whore of Babylon Armageddon and the Four Horsemen of the Apocalypse are just a few of the images phrases and codes that have burned their way into the fabric of our culture The questions raised go straight to the heart of the human fear of death and obsession with the afterlife Will we individually or collectively ride off to glory or will we drown in hellfire for all eternity As those who best manipulate this dark vision learned which side we fall on is often a matter of life or death Honed into a weapon in the ongoing culture wars between states religions and citizenry Revelation has significantly altered the course of history Kirsch whom the Washington Post calls a fine storyteller with a flair for rendering ancient tales relevant and appealing to modern audiences delivers a far ranging entertaining and shocking history of this scandalous book which was nearly cut from the New Testament From the fall of the Roman Empire to the Black Death the Inquisition to the Protestant Reformation the New World to the rise of the Religious Right this chronicle of the use and abuse of the Book of Revelation tells the tale of the unfolding of history and the hopes fears dreams and nightmares of all humanity
