### **The Gig Is Up**

Olga Mizrahi, 2018-02-27 Win in a world of increasing choice by becoming the clear unique fit The gig economy is made up of project based or on demand services that can be provided by anyone The common denominator in the gig economy is technology so our modern online lives provide the perfect marketplace for the ever diversifying opportunities in the gig economy By some estimates 2020 will see half of all workers involved in the gig economy Are we ready for this seismic shift in our work lives Freelancers need to clearly answer Why choose you so that they stand out in the new economy Because all workers in the gig economy need to bluntly pose this question to themselves The Gig Is Up is designed to answer this one key point head on giving readers innovative tools like Unique Value Proposition to confidently step up The Gig Is Up offers the best boots on the ground methods for success by evolving the reader's perspective and process Many books on the gig economy focus on letting people

live out their dreams instead of looking at the realities of what it truly takes to win in a world of increasing choice People need to understand how to compete and how to put the best version of themselves up front and center The goal in competing today is to not only be chosen but to move toward becoming the only choice over and over again **Managing Population Decline in Europe's Urban and Rural Areas** Gert-Jan Hospers,Nol Reverda,2014-11-18 This book explores the challenges population decline presents for Europe's urban and rural areas It features recent demographic data and trends not only for Europe as a whole but also for selected countries and compares growth and shrinkage from a historical as well as a theoretical perspective In addition the book critically reviews relevant notions from geography sociology and public administration It also identifies good practices across Europe Throughout theories are complemented with concrete examples and proposals are made on how to tackle demographic shrinkage in European cities and villages from attempts to attract new residents to the countryside to innovative ways to guarantee public services In the end the authors conclude that solving the challenges caused by population decline require novel ways of thinking and provide answers to such future oriented questions as how to ensure the quality of life in an environment that is inhabited by fewer and older people what investments are needed and which actors should be involved **Managing Population Decline in Europe's Urban and Rural Areas** offers detailed coverage of an underestimated and complex governance issue that asks for solutions in which citizens have to play an important role It concludes that shrinkage requires a rethink of the specific tasks and roles of government and presents a way forward based on initiatives currently underway throughout Europe The book will be a valuable resource for population policy makers as well as students and researchers interested in human geography urban planning rural development European studies public administration and other social sciences **Key Marketing Skills** Peter Cheverton,2004 This is a brand new edition that focuses on the practical issues faced by today's marketing professionals It is truly about turning strategy into action and provides answers to key marketing issues **California Business** ,1994
