## **The Currents Of Exile:**

**Exile and the Jews** Nancy E. Berg, Marc Saperstein, 2024-04 This first comprehensive anthology examining Jewish responses to exile from the biblical period to our modern day gathers texts from all genres of Jewish literary creativity to explore how the realities and interpretations of exile have shaped Judaism Jewish politics and individual Jewish identity for millennia Ordered along multiple arcs from universal to particular collective to individual and mythic symbolic to prosaic everyday living the chapters present different facets of exile as human condition in history and life in holiday rituals in language as penance and atonement as internalized experience in relation to the Divine Presence and more By illuminating the multidimensional nature of exile political philosophical religious psychological and mythological widely divergent evaluations of Jewish life in the Diaspora emerge The word exile and its Hebrew equivalent galut evoke darkness bleakness and yet the condition offers spiritual renewal and engenders great expressions of Jewish cultural creativity the Babylonian Talmud medieval Jewish philosophy golden age poetry and modern Jewish literature Exile and the Jews will engage students academics and general readers in contemplating immigration displacement evolving identity and more **The Currents of Exile** Renee Molino, 2004-09-01 **The Exiles** Richard Harding Davis, 1894 **The Life of the Soul** Andrea Gondos, Leone Sachs-Shmueli, 2024-12-01 The Life of the Soul surveys the wide ranging theories Jewish mystics have offered to the vexing question what precisely transpires after we die A common element in their theories is that human life is a part of a larger ecosystem of being which also includes plants animals and inanimate things like rocks They further maintained that the soul does not perish with the demise of the body but is rather renewed and recycled into new forms of embodied existence in the lower world Each essay highlights how reincarnation also known as metempsychosis or the transmigration of souls is not a marginalized concept but is instead central to understanding a variety of perplexing issues in Judaism including catastrophic events in Jewish history theodicy the rationale for biblical commandments the complex identity of biblical figures and the issues of sin punishment and redemption Just as the concept of reincarnation is inherently about boundary crossing its investigation similarly bridges diverse epistemic fields and disciplines religion philosophy psychology history ritual gender and cultural studies Weaving together kabbalistic speculations and Jewish philosophical ideas drawn from distinct geographical regions and historical periods this book is poised to serve as a point of departure for future comparative investigations on the life of the soul in Judaism and Eastern religious traditions Siberia and the Exile System George Kennan, 1891 *Eternity Now* Wojciech Tworek, 2019-07-15 The Habad movement formed in eighteenth century Belarus has developed into one of the most influential streams of Hasidic Judaism Drawing on both mystical sermons and legal writings of its founder Rabbi Shneur Zalman of Liady 1745 1812 Eternity Now provides the first account of the historiosophical dimensions of early Habad doctrine Challenging the commonly held view that Shneur Zalman was primarily concerned with supratemporal transcendence Wojciech Tworek reveals the importance of time and history in his teachings Tworek argues

that the worldly dimensions of Shneur Zalman's thought were largely responsible for the rapid growth of Habad at the turn of the nineteenth century and fostered its transformation from an elitist circle into a mass movement. Tworek's readings of Hebrew and Yiddish sources demonstrate the implications of these ideas not only for male scholars but also for non scholars Jewish women and even non Jews. Philosophical and kabbalistic thought joined together to form a model of religious experience attractive to a broad audience laying an ideological foundation for the missionary messianism that was to become a hallmark of Habad in the twentieth century. *The Current*, 1887. Kabbalah and Catastrophe Hartley Lachter, 2024-10-22. While premodern kabbalistic texts were not chronicles of historical events they provided elaborate models for understanding the secret divine plan guiding human affairs. Hartley Lachter analyzes innovative kabbalistic doctrines such as the idea of reincarnation and the notion of multiple successive universes through which Jewish mystics sought to demonstrate that the misfortunes of Jewish history were in fact necessary steps toward redemption. Lachter argues that these works mostly composed between the early 14th century and the generation affected by the Spanish expulsion in the early 16th century enabled Jewish readers to make sense of the troubling misfortunes of their own time. Kabbalah and Catastrophe uncovers the remarkable variety of ways that kabbalists deployed esoteric tradition to argue that God had not abandoned the Jews to the inscrutable forces of history. Instead they suggested to readers that Jews are history's primary actors and that despite their small numbers and lack of military power Jews nonetheless secretly push history forward. For scholars of Jewish mysticism and medieval Jewish history Lachter articulates how premodern mystical texts can be crucial sources of insight into how Jews understood the meaning of history. *Light of the Lord (or Hashem)* Hasdai Crescas, 2018. This is the first complete English translation of Hasdai Crescas's *Light of the Lord*, a seminal work of medieval Jewish philosophy. Crescas challenges the Aristotelian underpinnings of medieval thought, introduces alternative physical and metaphysical theories, and presents service to the God of love and benefaction as the goal for humankind. *Current History and Forum ...*, 1926. **Seraphita. This volume is the first complete English translation of Hasdai Crescas's *Light of the Lord*. *Light of the Lord* is widely acknowledged as a seminal work of medieval Jewish philosophy and second in importance only to Maimonides' *Guide of the Perplexed*. Crescas takes on not only Maimonides but through him Aristotle and challenges views of physics and metaphysics that had become entrenched in medieval thought. Once the Aristotelian underpinnings of medieval thought are dislodged, Crescas introduces alternative physical views and reinstates the classical Jewish God as a God of love and benefaction rather than a self-intellecting intellect. The end for humankind then is to become attached in love to the God of
