The Corpse In Oozak S Pond:

The Corpse in Oozak's Pond Charlotte MacLeod, 2012-11-06 A copycat crime on Groundhog Day brings out Professor Peter Shandy's inner sleuth in this Edgar Award finalist from the international bestselling author. The rural town of Balaclava greets Groundhog Day as an excuse for one last cold weather fling. The students and faculty of the local agricultural college drink cocoa, throw snowballs, and when the temperature allows, ice skate. But Oozak's Pond is not quite frozen this year, and as the celebrations reach their peak, the students see someone bobbing through the ice. Long past help the drowning victim is badly decomposed and dressed in an old-fashioned frock coat with a heavy rock in each pocket. First on the scene is Peter Shandy, horticulturalist and when the college requires it, detective. But solving this nineteenth-century murder mystery will take more than Shandy's knack for growing rutabagas. Relying on his wife's expertise in local history, the professor dives headfirst into a gilded age whodunit that cloaks secrets potent enough to kill. *Great Women Mystery Writers* Elizabeth A.

Blakesley, 2006-11-30 Mysteries are among the most popular books today, and women continue to be among the most creative and widely read mystery writers. This book includes alphabetically arranged entries on 90 women mystery writers. Many of the writers discussed were not even writing when the first edition of this book was published in 1994, while others have written numerous works since then. Writers were selected based on their status as award winners, their commercial success, and their critical acclaim. Each entry provides biographical information, a discussion of major works and themes, and primary and secondary bibliographies. The volume closes with appendices and a selected general bibliography. Public library patrons will value this guide to their favorite authors, while students will turn to it when writing reports. *Clues*, 1989

Fiction Heather Duerre Humann, 2017-02-28 Since the middle of the last century, views on gender norms have shifted dramatically. Reflecting these changes, storylines that involve cross-dressing and transgender characters have frequently appeared in detective fiction, characters who subvert the conventions of the genre and challenge reader expectations. This examination of 20th and 21st-century crime novels reveals what these narratives say about gender identity and gender expression and how they contributed to the evolution of detective fiction. **Murder...By Category** Tasha Mackler, 1991-11 For the first time, here is an annotated bibliography of murder mysteries that is organized by the category of the mystery and lists only contemporary publications, including an extensive listing of titles that are paperback originals. Categories range from Academic Getting Away with Murder and Old Crimes and Murders to Writers and Their Conventions. Because an interesting annotation should be available for reading contemporary publications, were chosen. With the exception of a few favorites, each entry was in print in either a paperback or a hardcover edition in 1985, and listings continue through late 1991. *Murder By Category* is the companion to take for library and bookstore browsing. *Fiction Index 1986* Mandy Hicken, 1987
