The Country Between Us:

The Country Between Us Carolyn Forché, 2019 Carolyn Forché's *The Country Between Us* bears witness to what she saw in El Salvador in the late 1970s when she travelled around a country erupting into civil war. Documenting killings and other brutal human rights abuses while working alongside Archbishop Oscar Romero's church group, she found in her poetry the only possible way to come to terms with what she was experiencing first hand. By 1980 when the fighting was becoming too dangerous, Archbishop Romero urged Forché to return home, asking her to talk to the American people and tell them what is happening to us and convince them to stop the military aid. A week later, Archbishop Romero was assassinated. Back in the US, Forché gave readings and talks about US-backed oppression in Central America but found publishers and critics uncomfortable with the startlingly different poems of this second collection of poems relating to torture, murder, injustice and trauma.

An American Politician F. Marion Crawford, 2022-09-16 F. Marion Crawford's *An American Politician* is a compelling exploration of the intricacies of American political life at the turn of the 20th century. With keen observation and rich character development, Crawford presents a narrative steeped in the complexities of ambition, morality, and the often murky waters of political maneuvering. The novel employs a vivid, descriptive literary style that captures the zeitgeist of the era while utilizing dialogue that reflects the social currents and tensions prevalent at the time. This work stands as a critical examination of the American political landscape, making it both timely and timeless in its relevance. F. Marion Crawford, an American expatriate and a keen observer of society and politics, drew upon his extensive travels and experiences in both the United States and Europe to craft this intricate tale. His background in art and literature, coupled with his intimate understanding of political dynamics, allowed him to weave a narrative that is as much a commentary on the human condition as it is on the American political system. Crawford's unique vantage point, having lived abroad while maintaining a sharp interest in US politics, profoundly influenced the themes found in this work. *An American Politician* is highly recommended for readers interested in the intersection of personal ambition and public service within the framework of political life. Those who appreciate historical fiction that delves into the moral complexities of its characters will find Crawford's insights both thought-provoking and resonant. This novel is not only a reflection of its time but also a timeless exploration of political ethics that continues to invite discussion today.

An American Politician: A Novel Francis Marion Crawford, 1884-01-01 Mrs. Sam Wyndham was generally at home after five o'clock. The established custom whereby the ladies who live in Beacon Street all receive their friends on Monday afternoon did not seem to her satisfactory. She was willing to conform to the practice but she reserved the right of seeing people on other days as well. Mrs. Sam Wyndham was never very popular. That is to say she was not one of those women who are seemingly never spoken ill of and are invited as a matter of course or rather as an element of success to every dinner, musical party and dance in the season. Women did not all regard her with envy, all young men did not think she was capital fun nor did all old men come and confide to her the weaknesses of their approaching second

childhood She was not invariably quoted as the standard authority on dress classical music and Boston literature and it was not an unpardonable heresy to say that some other women might be had been or could be more amusing in ordinary conversation Nevertheless Mrs Sam Wyndham held a position in Boston which Boston acknowledged and which Boston insisted that foreigners such as New Yorkers Philadelphians and the like should acknowledge also in that spirit of reverence which is justly due to a descent on both sides from several signers of the Declaration of Independence and to the wife of one of the ruling financial spirits of the aristocratic part of Boston business As a matter of fact Mrs Wyndham was about forty years of age as all her friends of course knew for it is as easy for a Bostonian to conceal a question of age as for a crowned head In a place where one half of society calls the other half cousin and went to school with it every one knows and accurately remembers just how old everybody else is But Mrs Wyndham might have passed for younger than she was among the world at large for she was fresh to look at and of good figure and complexion Her black hair showed no signs of turning gray and her dark eyes were bright and penetrating still There were lines in her face those microscopic lines that come so abundantly to American women in middle age speaking of a certain restless nervousness that belongs to them especially but on the whole Mrs Sam Wyndham was fair to see having a dignity of carriage and a grace of ease about her that at once gave the impression of a woman thoroughly equal to the part she had to play in the world and not by any means incapable of enjoying it *An American Politician* Francis Marion Crawford,1884 *Works on Paper, 1980-1986* Eliot Weinberger,1986

During the past several years Eliot Weinberger's inventive prose has earned him a reputation as a candid social observer and penetrating essayist *Works on Paper* is the first collection of his writings twenty one pieces that juxtapose the world as it is and the world as it is imagined by artists poets historical figures and ordinary people *Inventions of Asia* the first section deals primarily with how the West reinvents the East and how the East invents itself images of India circa 1492 where Columbus thought he was going Christian missionaries in sixteenth century China Bombay prostitutes as seen by a New York photojournalist Tibetan theocracy transplanted to the Rockies a Confucian bureaucrat's address to crocodiles the shifting iconography of the tyger looking for an answer to an ancient Chinese poem of questions how the children of Mao have reinvented Imagism Kampuchea Under Pol Pot *Extensions of Poetry* explores the ways in which the world affects the imaginations of individual poets George Oppen Langston Hughes Charles Reznikoff Octavio Paz Clayton Eshleman and indeed entire movements leading at times to unexpected incarnations and transformations Weinberger ponders such strange conjunctions as Whittaker Chambers and Objectivism anti Semitism among American Modernists bourgeois poets present day wards of the academy and the state confronting the issues of peace American foreign policy and The Bomb **A Poetics of Resistance** Mary K.
