**The Clockmaker's Paradox** Parth Savaliya,2025-03-30 The Clockmaker's Paradox A Novel of Time Grief and the Fragile Thread of Fate In the quiet heart of Prague hidden behind the ticking symphony of handcrafted timepieces lives Elias Grunwald a reclusive clockmaker whose creations defy the laws of physics Each of his clocks holds a secret the power to shift time at a cost When brilliant physicist Dr Leila Cross walks into Elias's forgotten shop she isn't looking for a timepiece she's seeking a second chance Haunted by the sudden death of her daughter Leila believes time itself is broken and that Elias might be the only one who can help her fix it But time is not a puzzle to be solved It's a force a living tapestry of cause and effect and pulling one thread can unravel everything What begins as a desperate quest to alter the past becomes a dangerous confrontation with destiny where grief science and the human spirit collide As the city begins to fracture under the weight of unintended consequences Elias and Leila must decide how far they are willing to go and what they are willing to lose to defy time The Clockmaker's Paradox is a beautifully layered speculative drama about love loss and the high price of redemption Perfect for fans of *The Midnight Library* *Dark Matter* and *The Time Traveler's Wife*
