The Cranshaw Inheritance:

The Cranshaw Inheritance Christine Etheridge, 1979 *The Maisonist* Stephen Brown, 2018-04-16

When the day comes that you are tested will you be equal to the challenge Jon Jameson investment advisor has always wondered if he d have the courage to rescue someone by racing into a burning building Not that he s likely to be called on to do so He leads an easy life a good job a beautiful wife and one financial indulgence Jon collects houses House collecting is an expensive hobby but he s not greedy A bit of patience an eye for a good deal and careful negotiation will bring the collection together The rent he collects from his small collection is re invested one hundred percent to bring his properties to the state he believes they deserve One hundred percent Not one penny for anything else not even for his wife Frieda who handles the day to day business of maintaining those properties That is not what she signed up for When Jon s test comes it has nothing to do with burning buildings One of his co workers has crossed the line legally and Jon is dragged down with him Through no fault of his own Jon Jameson is not only unemployed he is unemployable Frieda is not supportive Jon screwed up Jon can solve it She continues to live and spend as usual including her habit of purchasing twenty lottery tickets per week While checking them for her Jon discovers one worth sixty million dollars He should tell her but they re not legally married Frieda and her spoiled daughter getting rich while he remains a pauper Unthinkable He palms it Life becomes complicated Frieda buys lottery tickets Jon never does and everyone knows it How to claim it He needs to get Frieda and her daughter to go away far away He also needs a junior partner someone with enough nerve to cash the ticket and someone who won t arouse Frieda s suspicions when the winner s name hits the media A real estate agent he met once Adriana Compote seems perfect She agrees There s a lot of work to do but they need to avoid any kind of contact until well after the ticket is cashed They need a go between and someone to do the leg work Fife the man who accidentally caused Jon s downfall and who is just as unemployable is brought on board Adriana will collect the money use it to create a high end real estate company and then hire Jon as vice president and Fife as manager All three will draw overly generous salaries plus bonuses What could go wrong Despite his desperate financial condition Jon cannot get Frieda to leave The morning of the day that Adriana is going to surrender the ticket Frieda discovers a note from Jon to someone called Adriana Compote a name that will be all over the news by evening as a lottery winner who bought at the same kiosk and in the same quantity that Frieda did Jon calls Fife and tells him to call it off but it s too late Adriana has already submitted the ticket She sends back a message telling Jon to grow a pair and handle it He does To the surprise of the three conspirators their business Vintage Properties makes money buying and renovating high end houses Jon looks forward to adding the best to his collection which at the time consists of nothing because he had to sell his modest collection to cover expenses As a joke a business acquaintance tells him about a mansion north of Toronto that needs work The mansion is a ruin Built at the end of the nineteenth century it was the domain of Randolph Cranshaw a tyrant who liked to keep his wife and daughters isolated in a place where he had them under his

control Money came easily but social status and a career in politics eluded him because of his reputation Frustrated by those failures Cranshaw poured his money into the house and above all into the extensive gardens that spread south to a cottage that he built to house a series of extra marital affairs Long after the era of the Cranshaws a highway bypass cut the former estate in half The rotting ruins of the mansion lie at the top of the north section The cottage still occupied remains at the bottom edge of the severed southern part The garden has gone wild for a century The decayed mansion is beyond rescue but the cottage is in good shape Nestled deep in the trees along a secluded lane it calls out to Jon offering seclusion and safety He feels the need for both because he is being followed Is it because of the lottery win or is it the unexplained disappearance of Frieda and her daughter Perhaps leaving their bodies in the deep freeze of a basement apartment wasn't the best long term solution He carries their frozen remains to the remote mansion property for burial but discovers that digging among trees is impossible there are too many roots Instead he buries them in the cellar of the mansion The graves will remain undisturbed as long as the land remains a wood lot No sooner has the mansion been turned into a cemetery than a client turns up at Vintage Properties to ask about the property Jon becomes even more paranoid He convinces Fife to purchase the cottage property and rent it to him Not only will it give him an untraceable place to rest it will also allow him to keep an eye on the property to the north without attracting attention to himself by buying it He investigates the history of the estate and concludes that the cottage was Cranshaw's love nest More investigation turns up a name Elizabeth Levisham Elizabeth first visited the Cranshaw estate at the age of fourteen Five years later at the age of nineteen she appeared in a picture of a skating party on the garden pond In the picture Randolph Cranshaw stands behind her smiling and with one hand resting on her shoulder Mrs Cranshaw stands off to the side not smiling In nineteen twenty nine at the age of twenty three Elizabeth stayed in the cottage for an extended period When she left a gossip column in the local paper commented that she would be much missed by the Cranshaws The columnist was fired the next day Despite an extensive search Jon can find no record of Elizabeth Levisham after the day she left the cottage He becomes suspicious that she never did leave
