Andrews, Werner Gitt, William J Ouweneel, 1986 Creationism and indeed Christianity place science history and the humanities side by side but they set theology above them all as the unifying concept in which all branches of human knowledge find their source and significance The sovereign God is equally the Lord of nature of history and of all human achievement Seen in this light the collection in one volume of studies on biblical issues psychology history anthropology and biology appears natural and proper especially as each author seeks to relate his field of study to the higher level at which the terms creation and Creator have significance Originally given as papers at the first European Creationist Congress they epitomize creationism as a holistic biblical view of being in which the diverse fields of human endeavour can be seen as part of a greater whole      *The Counter-Creationism Handbook* Mark Isaak, 2005-06-30 Addresses over four hundred of the most common claims made by creationists offering a rebuttal for each that is backed up by scientific facts and lists both print and online resources for further information      **Fallacies of Creationism** Willard Alexander Young, 1985      **Darwin's Leap of Faith** John

Ankerberg, John Weldon, 1998 The award winning team of John Ankerberg and John Weldon examines the many facets of the creation versus evolution controversy As discoveries are made about the universe some evolutionists now admit that much of the new evidence favors creation Fascinating and informative this comprehensive guide is perfect for Christians creation skeptics and those curious about the debate
