The Criminal Cod:

The Concept of Genocide in International Criminal Law Marco Odello, Piotr Łubiński, 2020-07-14 This book presents a review of historical and emerging legal issues that concern the interpretation of the international crime of genocide. The Polish legal expert Raphael Lemkin formulated the concept of genocide during the Nazi occupation of Europe and it was then incorporated into the 1948 Convention on the Prevention and Punishment of the Crime of Genocide. This volume looks at the issues that are raised both by the existing international law definition of genocide and by the possible developments that continue to emerge under international criminal law. The authors consider how the concept of genocide might be used in different contexts and see whether the definition in the 1948 convention may need some revision also in the light of the original ideas that were expressed by Lemkin. The book focuses on specific themes that allow the reader to understand some of the problems related to the legal definition of genocide in the context of historical and recent developments. As a valuable contribution to the debate on the significance, meaning and application of the crime of genocide, the book will be essential reading for students and academics working in the areas of Legal History, International Criminal Law, Human Rights and Genocide Studies. Chapter 12 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781003015222>

The Criminal Code of the United States United States, 1910 **Soviet Criminal Law and Procedure** Russian S.F.S.R., Harold Joseph Berman, 1972 There is no better key to the strengths and weaknesses of the Soviet social system than Soviet law. Here in English translation is the Criminal Code and Code of Criminal Procedure of the largest of the fifteen Soviet Republics containing the basic criminal law of the Soviet Union and virtually the entire criminal law applicable in Russia and the Law on Court Organization. These two codes and the Law which went into effect on January 1, 1961 are among the chief products of the Soviet law reform movement which began after Stalin's death and are a concrete reflection of the effort to establish legality and prevent a return to Stalinist arbitrariness and terror. In a long introductory essay Harold Berman, a leading authority on Soviet law, stresses the extent to which the codes are expressed in authentic Soviet legal language based in part on the pre-Revolutionary Russian past but oriented to Soviet concepts, conditions and policies. He outlines the historical background of the new codes with a detailed listing of the major changes reflected in them, interprets their significance, places them within the system of Soviet law as a whole and discusses some of the principal similarities and differences between Soviet criminal law and procedure and that of Western Europe and of the United States. **The Criminal Code of the United States as Amended During the Second Session, Sixty-fifth Congress** United States, 1918
