The Cuban Exodus In Search Of Freedom:

The Cuban Exodus Felipe Calzadilla, 2004 The Cuban saga of the latter half of the 20th Century is an epic heartbreaking tale of global politics and grand history From Castro to Kennedy the CIA to the Mafia Communism to Capitalism Totalitarianism to Democracy the actors have been players on the world stage and the issues and conflicts have been titanic and triumphed through the entire story of modern Cuba Born and raised on the island he came to the U S in the aftermath of the revolution He raised a family built a life became an American And he never forgot his origins his homeland his soul one man's lifelong journey from one country to another one world to another one existence to another *Immigration Policy*

from 1970 to the Present Rachel Stevens, 2016-02-19 This book examines national debates on immigration asylum seekers and guest worker programs from 1970 to the present Over the past 45 years contemporary immigration has had a profound impact throughout North America Europe and Australasia yet the admission of ethnically diverse immigrants was far from inevitable In the midst of significant social change policymakers grappled with fundamental questions what is the purpose of immigration in an age of mass mobility Which immigrants should be selected and potentially become citizens and who should be excluded How should immigration be controlled in an era of universal human rights and non discrimination Stevens provides an in depth case study comparison of two settler societies Australia and the United States while drawing parallels with Europe Canada and New Zealand Though contemporary immigration history that focuses on one national setting is well established this book is unique because it actively compares how a number of societies debated vexing immigration policy challenges The book also explores the ideas values and principles that underpin this contentious area of public policy and in doing so permits a broader understanding of contemporary immigration than outlining policies alone **Congressional**

Sanchez-Scott's "The Cuban Swimmer". A Journey of Self-assertion Hamada Abdelfattah, 2020-08-12 Seminar paper from the year 2017 in the subject American Studies Comparative Literature grade excellent Mansoura University course drama language English abstract The Cuban swimmer is a seven scene play in which Milcha Sanchez Scott depicts the individual's need of self assertion as a major theme Self assertion according to her is a metaphor standing for one's true identity a symphony combining one's individuality as well as one's cultural legacy The play follows the life of the Suarezs a displaced Cuban family who rode the ocean to take refuge in the United States They have migrated from Cuba in search of a secure sense of self worth The central character among these people is Margarita Suarez a nineteen year old Cuban girl who tries to win a swimming race in the ocean as a Cuban not as an American Margarita takes part in this race in search not only

of the Cuban pride but also of her own self assertion In her play Sanchez Scott uses Margarita s story as an allegory for the whole immigration experience which Latin Americans had to go through Milcha Sanchez Scott was born in a multicultural family Her father was a Colombian man who lived in Mexico her mother is Indonesian with Chinese Dutch roots Jane T Peterson holds that her Milcha s heritage reflects a diversity of ethnic and cultural influences She is regarded as a playwright of powerfully expressive plays Her works consistently reflect her concern with racial and political issues particularly with the Latin woman s struggle for spiritual survival Latin American heritage and the sense of this culture form the ultimate base of Sanchez Scott s material Much of her writing reveals her concern for Latin women and their families Peterson is clear about the idea that Milcha Sanchez Scott s work frequently explores woman s experiences in Hispanic American bicultural context
