### **The Curse Of Dark Island:**

**The Curse of Dark Island** Douglas Thompson, 2005-04 The Polaris Diaries is a story about relationships between colleagues friends lovers and people from different walks of life who form a bond in their desire to not only understand one another but also to lend a hand where it is needed It is a tale about hope regarding those relationships people form with their neighbors other races other beings perhaps As such it is quintessentially human for it mirrors the kinds of struggles we have been facing here on Earth since the beginning of our recorded history as well as the need for understanding love and cooperation between different groups of people There is much evil in it as there is in real life much goodness too and several puzzles as well as a few surprises which keep the reader interested The violence in it is kept to a minimum and there is very little technological gadgetry in it it relies instead on much dialogue and reflection on the part of the characters all of whom embody a believable psychology The story spans three generations involves tense situations and explores the changing attitudes the characters experience as they deal with their new relationships and face dangers as well as novel situations

**Dark Islands** John Womack Vandercook, 1937      **Camino Ghosts** John Grisham, 2024-05-28 Following John Grisham's international bestsellers Camino Island and Camino Winds Camino Ghosts is the story of an island off the Florida coast with a haunted violent history and an uncertain future Dark Isle is said to be cursed drownings disappearances and hauntings have been the fate of intruders It was settled by freed slaves 300 years ago and their descendants lived there until 1955 when the last one was forced to leave Now abandoned it is the target of greedy developers Lovely Jackson is the last survivor of Dark Isle and claims to be its legal owner But there is not a shred of evidence to prove that is true It's unlikely that the developers will be deterred by the claims of one old woman They have millions Lovely only has Steven Mahon a pro bono environmental lawyer and Mercer Mann a floundering novelist to fight in her corner With the court case looming and the bulldozers waiting to roll in Steven and Mercer are in a race against time to unearth the truth behind Lovely's story and together save the legacy of the island Reader reviews for Camino Ghosts Grisham is back to his brilliant best Another great Grisham story Fantastic I can almost see the ocean and feel the breeze when I'm reading Grisham on top form Excellent The best Camino book yet Impossible to put down
