Courage Seed Harcourt Brace Publishing, Jean Richardson, 1993-01-01 Mary Manygoats a Navajo girl who wonders how she will fit in at her new school while trying to hold on to her people's traditions finds a pleasant surprise in her multicultural classroom

Seeds of Happiness Dr. Mukesh Jain, 2023-07-19 Seed is an extremely important metaphor We are all seeds We all carry inside us a lot of seeds Seed is a symbol of potential life and growth A beautiful blossom already exists within a flower seed even before it is planted With the right mixture of soil sunlight and rain the flower's colour scent and form naturally emerge in their fullest expression It is also true that flowers and trees grow toward the light They seek it out stretching out of the shadows in order to reach it sideways if necessary They seem to figure out on their own where the sun falls Once they do they show an unflappable determination to get there Similarly as human beings we have a natural inclination to grow toward what we desire striving for the things that give us meaning and joy the sunlight of life such as friendships romantic relationships fulfilling jobs and a comfortable home The book is a compilation of exercises or tools validated by positive psychology researchers across the world to enhance our wellbeing Like the law of gravitation and other universal principles they have been discovered and sharpened by many researchers and experts

Wisdom of the Plant Devas Thea Summer Deer, 2011-08-19 Consulting plant spirits for spiritual and psychological guidance and healing Reveals how by communing with the deva or spirit of a plant we can call forth its medicine without even needing to ingest it Includes wisdom from the devas of 13 herbs such as rosemary datura and uva ursi Empowers readers with the tools to develop their own inner resources for healing in relationship with the plant devas around them Each plant has a story to share with us a healing story to guide us in trying times a spirit medicine for the New Earth that is presently unfolding Herbs are some of the most powerful allies we have for these transitional times we just need to learn how to listen as they share their knowledge with us In *Wisdom of the Plant Devas* Thea Summer Deer reveals a new dimension of herbal medicine one where the plant's spirit is consulted for guidance and healing beyond the physical Examining the botany modern and traditional uses history and folklore of 13 special herbs such as rosemary uva ursi and datura she shares divinations and messages from their devas or plant spirits explaining how these stories carry the herbs into our lives letting them work their magic on us Exploring herbal medicine from an energetic perspective she reveals that by communing with the deva of a plant we can call on the plant's physical psychological and spiritual medicine and guidance without ingesting it or even being in its presence Detailing the sacred space of a Medicine Wheel Garden whether in a backyard or our imaginations she connects us with the devas and empowers us to seek our own answers with their much needed spiritual guidance and divinatory advice Creating a bridge between botanical medicine and plant spirit medicine she shows how by coming into community with the devas and co-creating with the world of nature we can gain tremendous insights to help heal our hearts our minds and our spirits and consciously evolve as together we birth the New Earth
