The Cradle Place:

The Cradle Place Thomas Lux, 2005-12 The Cradle Place is a collection from Thomas Lux a self described recovering surrealist and winner of the Kingsley Tufts Award These fifty two poems bring to full life the refreshing iconoclasms Rita Dove so admired in Lux s earlier work His voice is plainspoken but moody humorous and edgy and ever surprising These are philosophical poems that ask questions about language and intention about the sometimes untidy connections between the human and natural worlds In the poem Terminal Lake Lux undermines notions of benign nature finding dark currents beneath the surface it s a huge black coin it s as if the real lake is drained and this lake is the drain gaping language less suck and sinkhole In the ominous Render Render the narrator asks us to consider a concentration of the essences of our lives all that is physical spiritual remembered and dreamed for melded together to make the messy self we present to the world Lux s voice is intelligent without being bookish urgent and unrelentingly evocative He has long been a strong advocate for the relevance of poetry in American culture The Los Angeles Times praises Lux for his compelling rhythms his biting irony and his steady devotion to a craft that often seems thankless As Sven Birkerts noted Lux may be one of the poets on whom the future of the genre depends *The Cradle of the Queen City* Robert Warwick Bingham, 1931 *The Medical Age* , 1887
