*Student Diversity at the Big Three* Marcia Synott,2017-09-08 Strengthening affirmative action programs and fighting discrimination present challenges to America s best private and public universities US college enrollments swelled from 2 6 million students in 1955 to 17 5 million by 2005 Ivy League universities specifically Harvard Yale and Princeton face significant challenges in maintaining their professed goal to educate a reasonable number of students from all ethnic racial religious and socio economic groups while maintaining the loyalty of their alumni College admissions officers in these elite universities have the daunting task of selecting a balanced student body Added to their challenges the economic recession of 2008 2009 negatively impacted potential applicants from lower income families

Evidence suggests that high Standard Aptitude Test SAT scores are correlated with a family s socioeconomic status Thus the problem of selecting the best students from an ever increasing pool of applicants may render standardized admissions tests a less desirable selection mechanism The next admissions battle may be whether well endowed universities should commit themselves to a form of class based affirmative action in order to balance the socioeconomic advantages of well to do families Such a policy would improve prospects for students who may have ambitions for an education that is beyond their reach without preferential treatment As in past decades admissions policies may remain a question of balances and preferences Nevertheless the elite universities are handling admission decisions with determination and far less prejudice than in earlier eras    **Dragons contre démons** Sophie Audouin-Mamikonian,2012-09-27 Sortie du 10e Tara Duncan pour les 10 ans de la s rie Tara Duncan et les pr tendants TP Le nouveau tome tr s attendu de la s rie fran aise fabuleuse vendue pr s de 900 000 exemplaires traduite dans 13 langues adapt e en dessin anim diffusion M6 26 pisodes prix de la meilleure s rie anim e 2010
