The Muslims Of Burma The Study Of A Minority Group:

Between Integration and Secession Moshe Yegar,2002-01-01 Between Integration and Secession asks whether Muslim minorities can co exist with the majority and other cultures within non Muslim states Moshe Yegar s excellent new work examines the radicalization of Muslim communities during the nationalist fervor that swept southeast Asia in the aftermath of World War II The book s grand historical scope traces the theological and political impact of the postwar Islamic renaissance on the creation of Muslim separatist tendencies and heightened religious consciousness Drawing on a wealth of archival and secondary sources Yegar examines three cases of rebellion in Muslim minorities in the Philippines in Thailand and in Burma Myanmar He studies the communities struggle to define their aims be it for communal separation autonomy or independence and the means each has at their disposal to achieve them

The Muslims of Burma: a study of a minority group, by M.

Yegar Moshe Yegar, Myanmar's Enemy Within Francis Wade,2017-08-15 For decades Myanmar has been portrayed as a case of good citizen versus bad regime men in jackboots maintaining a suffocating rule over a majority Buddhist population beholden to the ideals of non violence and tolerance But in recent years this narrative has been upended In June 2012 violence between Buddhists and Muslims erupted in western Myanmar pointing to a growing divide between religious communities that before had received little attention from the outside world Attacks on Muslims soon spread across the country leaving hundreds dead entire neighbourhoods turned to rubble and tens of thousands of Muslims confined to internment camps This violence breaking out amid the passage to democracy was spurred on by monks pro democracy activists and even politicians In this gripping and deeply reported account Francis Wade explores how the manipulation of identities by an anxious ruling elite has laid the foundations for mass violence and how in Myanmar s case some of the most respected and articulate voices for democracy have turned on the Muslim population at a time when the majority of citizens are beginning to experience freedoms unseen for half a century

Muslim Minority-State Relations Robert

Mason,2016-04-08 This volume explores the dominant types of relationships between Muslim minorities and states in different parts of the world the challenges each side faces and the cases and reasons for exemplary integration religious tolerance and freedom of expression By bringing together diverse case studies from Europe Africa and Asia this book offers insight into the nature of state engagement with Muslim communities and Muslim community responses towards the state in turn This collection offers readers the opportunity to learn more about what drives government policy on Muslim minority communities Muslim community policies and responses in turn and where common ground lies in building religious tolerance greater community cohesion and enhancing Muslim community state relations

Current Myanmar Studies Esther

Tenberg,Georg Winterberger,2019-04-10 Myanmar shifted into the centre of international attention in 2011 when the new civilian government took over Enormous media scrutiny began in 2017 and 2018 after the outbreak of violence between Muslim and Buddhist population groups This book brings together papers presented at the Myanmar Conference 2017 the

annual gathering of German speaking Myanmar scholars It contains articles concerned with the major issues currently facing development in Myanmar Topics explored here include Muslims in Arakan widely known as Rohingya and how they became foreigners in Myanmar the economic perspective of everyday life on one side and governmental planning on the other side Aung San Suu Kyi the de facto leader of the country and the various challenges she faces as a female politician and an ethnographic note on how textile production can look in the hinterland of Shan State **The Burmese Labyrinth** Carlos Sardiña Galache,2020-03-10 In 2011 Myanmar embarked in a democratic transition from a brutal military rule that culminated four years later when the first free election in decades saw a landslide for the party of celebrated Nobel Prize winner Aung San Suu Kyi Yet even as the international community was celebrating a new dawn old wars were raging in the northern borderlands A crisis was emerging in western Arakan state where the regime intensified its oppression of the vulnerable Muslim Rohingya community By 2017 the conflict had escalated into a military onslaught against the Rohingya that provoked the most desperate refugee crisis of our times as over 750 000 of them fled their homes to neighbouring Bangladesh In The Burmese Labyrinth journalist Carlos Sardia Galache gives the in depth story of the country Burma has always been an uneasy balance between multiple ethnic groups and religions He examines the deep roots behind the ethnic divisions that go back prior to the colonial period and so shockingly exploded in recent times This is a powerful portrait of a nation in perpetual conflict with itself **The Muslims of Burma** Moshe Yegar,1972

In this well documented and detailed account journalist Bertil Lintner explains the connection between Burma's booming drug production and its insurgency and counter insurgency providing an answer to the question of why Burma has been unable to shake off 35 years of military rule and build a modern democratic society.
