The Mit Encyclopedia Of The Japanese Economy:

The MIT Encyclopedia of the Japanese Economy Robert C. Hsu, 1999 The MIT Encyclopedia of the Japanese Economy was the first English language encyclopedia to cover all major aspects of Japan's postwar economy. The second edition has been fully revised and expanded and includes previously unpublished data as well as coverage of recent developments in the economy. The definitional entries concisely explain major economic concepts and include translations of Japanese economic terms and cross references to the longer topical essays. The 180 topical essays cover banks, financial systems, major industries, corporate groups, management practices, labor unions, international trade and investments, government economic policies and more. They also include comprehensive statistics, American and Japanese views on economic relations between the two countries, and suggestions for further reading. A new index contains names of major companies. *Postwar Japanese Economy* Mitsuhiro Iyoda, 2010-08-05 Since the end of World War II, the Japanese economy has seen rapid changes and remarkable progress. It has also experienced a bubble economy and a period of prolonged stagnation. The book seeks to address three major questions: What kind of changes have taken place in the postwar years? In what sense has there been progress? What lessons can be drawn from the experiences? The book is organized as follows: It begins with an overview of the postwar Japanese economy, using data to highlight historical changes. The four major economic issues in the postwar Japanese economy—economic restoration, rapid economic growth, the bubble economy, and current topics—are addressed with particular focus on the meaning of economic growth and the bubble economy. The next chapters examine the important economic issues for Japan related to a welfare-oriented society, including income distribution, asset distribution, and the relative share of income. Another chapter deals with the household structure of Japan, the pension issue, and the importance of the effect of demographic change on income distribution. The final chapter gives a brief summary, examines quality of life as a lesson of this research, and briefly outlines a proposal for a basic design towards achieving a high satisfaction level society. This book will be of interest to economists, economic historians, and political scientists and would be useful as a text for any course on the Japanese economy. **Journal of Economics** Missouri Valley Economic Association, 1997 East and Southeast Asia 2017-2018 Steven A. Leibo, 2017-08-04 Updated annually, East and Southeast Asia provides just enough historical background on the evolution of Modern East and Southeast Asia to help students gain a thorough understanding in one semester of contemporary developments in this vital region. Broad introductory, regional, and comparative chapters are followed by distinct sections on each country in the region. The combination of factual accuracy and up-to-date detail, along with its informed projections, make this an outstanding resource for researchers, practitioners in international development, media professionals, government officials, potential investors, and students. Now in its 50th edition, the content is thorough yet perfect for a one-semester introductory course or general library reference. Available in both print and e-book formats and priced low to fit student and library budgets. **The Far East and Australasia 2003** Europa Publications, 2002 A unique survey of

each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume **Harvard Business School Core Collection** Baker Library,1999 *East and Southeast Asia 2018-2019* Steven A. Leibo,2018-08-31 Updated annually East Southeast Asia provides just enough historical background on the evolution of Modern East Southeast Asia to help students gain a thorough understanding in one semester of contemporary developments in this vital region Broad introductory regional and comparative chapters are followed by distinct sections on each country in the region The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 51st edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets **East and Southeast Asia 2019-2020** ,2019-09-25 Updated annually East Southeast Asia provides just enough historical background on the evolution of Modern East Southeast Asia to help readers gain a thorough understanding of contemporary developments in this vital region Broad introductory regional chapters are followed by sections on each country in the region The combination of factual accuracy and up to date detail make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students to understand the immediate background of contemporary developments **Economic Journal of Hokkaido University** ,2006 **Far East and Australasia 2008** Europa Publications,Routledge Staff,2007-11-15 A systematic survey of all the countries of East Asia South East Asia Australia New Zealand and the Pacific Islands Essential for anyone with a professional interest in the region Keeps up to date with current economic and political developments Part One General Survey Written by acknowledged authorities on the Pacific Rim this collection of essays forms an impartial overview of the area as a whole Topics include regional security issues human rights environmental issues recent economic trends and USA s relations with the Asia Pacific region Country Surveys Individual chapters on each country containing articles on geography history and the economy an economic and demographic survey of the latest available statistics on population agriculture industry finance trade transport tourism and education a directory of names addresses and contact numbers covering the constitution government legislature judiciary political organizations diplomatic representation religion the media finance trade industry tourism defence and education a select bibliography Regional Information Includes all major international organizations active in the region their aims activities publications and principal personnel a detailed survey of major commodities in Asia and the Pacific a directory of research institutes specializing in the region select bibliographies of books and periodicals covering the Far East and Australasia and an index of regional organizations The American Economic Review ,1999 Includes papers and proceedings of the annual meeting of the American Economic Association Covers all areas of economic research Journal of Asian Business ,1996 国書刊行会 Kokusai Bunka
