## **Spirit Level Poems:**

The Spirit Level Seamus Heaney, 2009-02-19 An irresistibly coherent book which celebrates the rising and the raising of the human spirit Michael Hofmann The Times If any poetry written today can have this redemptive effect as Heaney in his critical writing has begun to claim it can then this is it Mick Imlah Independent on Sunday

**Spirit Level and Other Poems** Christopher Morley, 1946-02-05 Spirit Level Marcelle Freiman, 2021-11 Geologists and archaeologists use spirit level tools to find horizontal levels in ground or rock Similarly the poems in Spirit Level search for elusive balance points between memory and lived terrain between past and present lives between grief and enlightenment They are connecting threads of lived and familial histories often perceived through remembered or exigent visual portals This is Marcelle Freiman's third book of 37 new poems a number of which have been published in well known Australian literary journals There are poems using longer forms or sequences exploring the fragmented nature of human experience making patterns and story from lives in the present or those which are lost Other shorter lyric forms articulate shards of memory and perception

Throughout the book themes of loss seek a balance against moments of light *"The Soul Exceeds Its Circumstances"*

Eugene O'Brien, 2016-11-15 *The Soul Exceeds its Circumstances* brings together sixteen of the most prominent scholars who have written on Seamus Heaney to examine the Nobel Prize winner's later poetry from a variety of critical and theoretical perspectives

While a great deal of attention has been devoted to Heaney's early and middle poems the Bog Poems in particular this book focuses on the poetry collected in Heaney's *Seeing Things* 1991 *The Spirit Level* 1996 *Electric Light* 2001 *District and Circle* 2006 and *Human Chain* 2010 as a thematically connected set of writings The starting point of the essays in this collection is that these later poems can be grouped in terms of style theme approach and intertextuality They develop themes that were apparent in Heaney's earlier work but they also break with these themes and address issues that are radically different from those of the earlier collections The essays are divided into five sections focusing on ideas of death the later style translation and transnational poetics luminous things and gifts and usual and unusual spaces A number of the contributors see Heaney as stressing the literary over the actual and as always looking at the interstices and positions of liminality and complexity His use of literary references in his later poetry exemplifies his search for literary avatars against whom he can test his own ideas and with whom he can enter into an aesthetic and ethical dialogue The essayists cover a great deal of Heaney's debts to classical and modern literature in the original languages and in translations and demonstrate the degree to which the streets on which Heaney walked and wrote were two way he was influenced by Virgil Petrarch Milosz Wordsworth Keats Rilke and others and in turn had an impact on contemporary poets This remarkable collection will appeal to scholars and literary critics undergraduates as well as graduate students and to the many general readers of Heaney's poetry The Spirit Level David Barber, 1995 Winner of the Terrence Des Pres Prize for Poetry The Spirit Level is the first collection by an exciting new voice in American poetry Representing the world as a place of feverish energies David

Barber creates a virtuoso tension between playful sometimes flamboyant diction and the seriousness of his concerns Balance and grace but also wit and verbal energy and a deft hand at shaping the poem make Barber's first book a superb debut

Exploring the "Shadow" in the Poetry of Seamus Heaney Gavin Hawthorne,2002 100 Poems Seamus

Heaney,2018-06-26 In 2013 Seamus Heaney met with Faber poetry editor Matthew Hollis in Dublin He said that one project he would very much like to complete would be to prepare a personal selection from across the entire arc of his poetry small yet comprehensive enough to serve as an introduction for all comers He never managed to make the selection in his lifetime and after his passing the project was initially set aside But now at last it has been returned to once more and the result is an intimate gathering of poems chosen and introduced by the Heaney family Coinciding with the opening by the National Library of Ireland of a permanent exhibition dedicated to the life and work of Seamus Heaney this is a singular accessible selection for new and younger readers that has the opportunity to reach far and wide now and ahead

**Passage to the Center** Daniel Tobin,2021-10-21 Nobel Laureate Seamus Heaney author of nine collections of poetry and three volumes of influential essays is regarded by many as the greatest Irish poet since Yeats Passage to the Center is the most comprehensive critical treatment to date on Heaney's poetry and the first to study Heaney's body of work up to *Seeing Things* and *The Spirit Level* It is also the first to examine the poems from the perspective of religion one of Heaney's guiding preoccupations

According to Tobin the growth of Heaney's poetry may be charted through the recurrent figure of the center a key image in the relationship that evolved over time between the poet and his inherited place an evolution that involved the continual re evaluation and re vision of imaginative boundaries In a way that previous studies have not Tobin's work examines Heaney's poetry in the context of modernist and postmodernist concerns about the desacralizing of civilization and provides a challenging engagement with the work of a living master

*Seeing Things* Seamus Heaney,2010-11-25 This collection of Seamus Heaney's work especially in the vivid and surprising twelve line poems entitled *Squareings* shows he is ready to re imagine experience and to credit marvels The title poem *Seeing Things* is typical of the whole book It begins with memories of an actual event then moves towards the visionary while never relinquishing its feel for the textures and sensations of the world Translations of Virgil and Homer provide a prelude and a coda where motifs implicit in the earlier lyrics are given direct expression in extended narratives Journeys to underworlds and otherworlds correspond to the journeys made by poetic language itself From the author of *The Haw Lantern* *Wintering Out* *Station Island* and *North*

**Poetry** Harriet Monroe,1997 **The Life of the Spirit in the Modern English Poets** Vida Dutton Scudder,1895 The Haw Lantern

Seamus Heaney,2014-01-13 This collection of thirty one poems is Seamus Heaney's first since *Station Island* *The Haw Lantern* is a magnificent book that further extends the range of a poet who has always put his trust in the possibilities of the language

Irish Poetry and the Construction of Modern Identity Stan Smith,2005 Second generation of Irish Modernists has reconstructed not only the grand narratives of Irishness but the language in which an Irish identity has been rehearsed

In subverting and relativising these discourses the postmodernist poetry imagines a new and contemporary Ireland open to the cross currents of European and international semiotics A Jungian Reading of Selected Poems of Seamus Heaney Joy Rosemary Atfield,2007 This book offers an examination of Seamus Heaney s poetic volume Opened Ground placing it into dialogue with the major themes terms and ideas of Jungian psychology This work should appeal to scholars interested in Jungian psychology Jungian readings of literature and Irish poetry Opened Ground in which the poems are read in Jungian terms Heaney had referred to himself as Jungian in religion and naturally used terms such as initiation individuation and the unconscious in interviews and essays Therefore key Jungian terms are examined in relation to Heaney s poetic expression of these and explored through at least one poem from each of the collections represented in Opened Ground This allows for an exploration of the creative tensions involved in the poet s presentation of personal poetic and political concerns while also allowing for further examination of the powerful physicality and musical qualities of the language in which he luxuriates
