Handbook of the American Novel of the Twentieth and Twenty-First Centuries

Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James's *The Ambassadors* to McCarthy's *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

The Dream of the Great American Novel Lawrence Buell, 2014-02-10 Magisterial make s you suddenly see new things in

familiar books brilliant analyses of a dozen or so front runners in the Great American Novel sweepstakes Michael Dirda Virginia Quarterly Review The idea of the great American novel continues to thrive almost as vigorously as in its nineteenth century heyday defying more than 150 years of attempts to dismiss it as amateurish or obsolete In this landmark book the first in many years to take in the whole sweep of national fiction Lawrence Buell reanimates this supposedly antiquated idea demonstrating that its history is a key to the dynamics of national literature and national identity itself The dream of the G A N as Henry James nicknamed it crystallized soon after the Civil War In fresh in depth readings of selected contenders from the 1850s onward in conversation with hundreds of other novels Buell delineates four scripts for G A N candidates and their themes illustrated by such titles as *The Scarlet Letter* *The Great Gatsby* *Invisible Man* *Uncle Tom's Cabin* *Beloved* *Moby Dick* and Gravity's *Rainbow* works dwelling on topics from self invention to the promise and pitfalls of democracy The canvas of

the great American novel is in constant motion reflecting revolutions in fictional fashion the changing face of authorship and the inseparability of high culture from popular As Buell reveals the elusive G A N showcases the myth of the United States as a nation perpetually under construction Engaging and provocative ultimately affirms the importance of literature to a nation s sense of itself Sarah Graham Times Literary Supplement Rich in critical insight Buell wonders if the GAN isn t stirring again in surprising new developments in science fiction An impressively ambitious literary survey Booklist starred review
