The Muzik Of Razors:

The Music of Razors Cameron Rogers, 2007-05-01 Dark disturbing and filled with moments of real charm and magic The Music of Razors is the best first novel I've seen this year Locus In nineteenth century Boston a young doctor on the run from the law falls in with a British confidence artist Together and with dire consequences they bring back to the light something meant to be forgotten A world away in London an absent father haunted by the voice of a banished angel presents his daughter with an impossible friend a clockwork ballerina For two centuries a bullet removal specialist has wielded instruments of angel bone in service to a forgotten power and now he vows to find someone else to shoulder the burden someone with a conscience of their own a strong mind and a broken will For a hundred years he has searched for the perfect contender and now he has found two a brother and a sister Walter and Hope Either will do Last night something stepped from little Walter's closet and he never woke up Now he travels the dark road between worlds no longer entirely boy nor wholly beast but with one goal in mind to prevent his sister from suffering the same fate as he Only the creature he has become can save Hope But is it too late to save himself Praise for The Music of Razors An exceedingly fine novel You feel this book is true and the characters are real The Music of Razors tells a beautiful and deeply affecting story full of wonder strangeness pain and love K J Bishop author of The Etched City This was an impressive first novel In The Music of Razors Cameron Rogers weaves a thought provoking and compelling dark fantasy from the mythology of religion Jeff Ford author of The Girl in the Glass Slippery and quick with a bite that won't let go long after you turn the final page Sean Williams author of The Crooked Letter Jam packed with enough extraordinary ideas to fill a dozen novels Never was fantasy darker or more disturbing The novelistic equivalent of Twin Peaks Richard Harland author of Ferren and the Angel This is a great book Alice meets Freddy Krueger in Wonderland Paul Collins author of Cyberskin

Little Heroes Norman Spinrad, 2012-12-21 Muzic Inc had become a music industry giant by staying one step ahead of the game but for some reason APs totally cybernetic rock stars had failed to ship gold That was where Glorianna O Toole came in The Crazy Old Lady of Rock and Roll was well into her sixties but with her producer they hoped to synthesize an AP that would really take off Glorianna hated everything Muzic Inc had done to the rebel music of her youth but for the sake of a steady supply of designer dust she was prepared to try and rekindle the revolutionary music spirit of the 1960s Meanwhile at street level the wire wizards had come up with a new piece of technology a portable trip machine that made Owsley acid look like a vitamin supplement
